A new faith-based journal created to encourage family caregivers through prayer, reflection, gratitude, and practical organization while caring for loved ones.

Hope Haven Publishing LLC proudly announces the release of Held While I Care, a Christian caregiver journal thoughtfully created to encourage and support those caring for aging parents, spouses, family members, and friends.

Caregiving is one of life's most meaningful acts of service, yet it often requires extraordinary patience, compassion, and perseverance. Held While I Care was developed to provide caregivers with a dedicated place to organize important information while also nurturing their own spiritual and emotional well-being.

The journal includes space to record appointments, medications, prayer requests, answered prayers, reflections, gratitude, important notes, and memorable moments throughout the caregiving journey. By combining practical organization with faith-centered encouragement, the journal seeks to remind caregivers that they are not alone as they care for those entrusted to them.

"Our desire is to provide resources that serve people in practical ways while pointing them toward hope," said Willie Mack, Founder and Publisher of Hope Haven Publishing LLC. "Held While I Care reflects our commitment to creating publications that encourage faith, strengthen
