

PUBLICHEALTH-2027 Announces the 2nd International Conference in Milan

PUBLICHEALTH-2027 welcomes abstract submissions, keynote speakers, oral and poster presentations, exhibitors, sponsors, and delegates worldwide.

MILAN, MILAN, ITALY, ITALY, August 7, 2026 /EINPresswire.com/ -- [PUBLICHEALTH-2027](#) to Bring Global Public Health and Healthcare Experts Together in Milan, Italy

The Organizing Committee is pleased to announce PUBLICHEALTH-2027 – the 2nd International Conference on Public Health and Healthcare, taking place on April 19–20, 2027, in Milan, Italy. The conference will serve as a premier international platform dedicated to advancing research, innovation, collaboration, and evidence-based practices in public health and healthcare.

“

PUBLICHEALTH-2027 aims to foster global collaboration, scientific excellence, and meaningful discussions that advance public health and healthcare worldwide.”

*Conference Secretary,
PUBLICHEALTH-2027*

As healthcare systems worldwide continue to evolve in response to emerging challenges and technological advancements, PUBLICHEALTH-2027 aims to unite researchers, academicians, clinicians, healthcare professionals, public health practitioners, policymakers, industry leaders, and students to exchange scientific knowledge, share innovative research, and foster collaborations that contribute to improving global health outcomes.

The conference will feature a comprehensive scientific program comprising keynote lectures, plenary sessions, oral and poster presentations, panel discussions, workshops, and networking opportunities. Discussions will span a broad range of topics, including public health, epidemiology, global health, healthcare management, preventive medicine, digital health, primary healthcare, environmental health, mental health, health policy,

infectious diseases, non-communicable diseases, healthcare innovation, and emerging public health challenges.

PUBLICHEALTH-2027 welcomes the participation of researchers, faculty members, clinicians, healthcare practitioners, students, delegates, exhibitors, sponsors, government organizations, non-governmental organizations, and industry partners from across the globe. The conference offers an exceptional opportunity to present original research through oral and poster presentations, showcase innovative healthcare products and technologies, establish international collaborations, strengthen professional networks, and engage in meaningful scientific discussions that drive progress in healthcare and public health.
