

Award Winning Businesses From 45 Counties Celebrated by Business Awards UK's 2026 Regional Business Awards

DONCASTER, UNITED KINGDOM, August 6, 2026 /EINPresswire.com/ -- Business Awards UK has announced the winners of the [2026 Regional Business Awards](#), recognising businesses, entrepreneurs and teams across 45 counties and regions in England.

The 2026 results reflect a breadth of talent, skill and hard work represented across England's regional economies.

This year's winners include independent specialists, family-run firms, growing technology companies, care providers, manufacturers, skilled trades, professional advisers and much more.

Together, they represent a wide range of industries and approaches to business. Some have developed advanced technologies, expanded into new markets or secured major commercial contracts. Others have built their reputations through dependable local service, specialist knowledge, community commitment and long-standing customer relationships.

Our regional awards bring to light many fantastic stories highlighting the importance of community and we thoroughly encourage readers to [find out more about our winners here](#).

Recognising Regional Strength Across England

The Regional Business Awards recognise businesses within the communities in which they operate, create employment for and contribute to.

Across the 2026 results, winners have been recognised for achievements in engineering, manufacturing, digital technology, cyber security, logistics, construction, education, hospitality, professional services and the creative industries.

Care and community-focused organisations also feature strongly. Winners include businesses

providing clinical services, personal care, foster care, therapy, accessible support and inclusive education. Their recognition reflects the importance of organisations that combine professional expertise with a clear understanding of the people they serve.

The results also demonstrate the continued strength of independent and family-run businesses. Many of this year's winners have grown by maintaining high standards, responding to changing customer needs and investing consistently in their teams, services and local relationships.

Local Businesses with Wider Ambition

Although the awards recognise regional achievement, many of the 2026 winners operate nationally or internationally.

Businesses across England are developing specialist products, delivering complex technical services, entering overseas markets and building partnerships beyond their home regions. Others are expanding more gradually while retaining the personal service and local identity on which their reputations were built.

This combination of strong local foundations and wider ambition is a recurring theme throughout the 2026 results. It demonstrates how businesses can remain closely connected to their communities while pursuing growth, innovation and new opportunities.

Explore the 2026 Regional Winners

To learn more about each region and its winners, read our complete [2026 Regional Business Awards round-up article](#), which follows on to the winners, their awards and the work behind their recognition.

Recognition Built on Credible Achievement

The 2026 winners include newer ventures building early momentum, established companies continuing to evolve and experienced professionals applying specialist knowledge to new challenges.

Although their industries and business models vary, each winner has demonstrated credible achievement within their category. Their success is supported by evidence of quality, progress, reliability, leadership or a positive contribution to their customers and communities.

Business Awards UK congratulates all of the 2026 Regional Business Awards winners with heartfelt thanks to every organisation that entered the awards this year.
