

OSI Global to Showcase Network Infrastructure Solutions at Mountain Connect 2026

Attendees can meet the OSI Global team at Booth 57 and enter to win a retro handheld gaming set

SANTA BARBARA, CA, UNITED STATES, August 6, 2026 /EINPresswire.com/ -- [OSI Global](#), a privately owned leader in enterprise hardware, optical solutions, and data center services, today announced that it will exhibit at Mountain Connect 2026, taking place August 10–12 at the Sheraton Downtown Denver Hotel.

Mountain Connect brings together broadband providers, network operators, technology companies, utilities, government agencies, and infrastructure leaders to discuss the operational and economic challenges shaping broadband deployment and network growth.

Attendees can visit OSI Global at Booth 57 to discuss [optical networking](#), enterprise hardware, [third-party maintenance](#), and professional services designed to help organizations expand capacity, extend infrastructure lifecycles, and support critical network environments.

The OSI Global team will be available throughout the event to discuss:

- Compatible optical transceivers backed by a lifetime warranty
- Smartoptics open line systems and optical networking solutions
- New and pre-owned enterprise network hardware
- Customizable third-party maintenance for multivendor environments
- Field services, remote hands, installations, and other professional services

"Broadband operators are being asked to expand their networks while managing costs, equipment lifecycles, and increasingly complex infrastructure," said Christian Saunders, CEO of OSI Global. "Mountain Connect gives us an opportunity to speak directly with the organizations facing those challenges and show them a more responsive, flexible way to support their networks."

Visitors to Booth 57 can also enter OSI Global's event raffle for a chance to win a retro handheld gaming set.

OSI Global's privately owned, service-first model gives customers direct access to experienced engineers, flexible support options, and infrastructure solutions tailored to their operational

needs.

Mountain Connect attendees can schedule a meeting with the OSI Global team in advance by visiting osiglobal.com.

About OSI Global

OSI Global is a privately owned, Gartner-recognized leader in enterprise hardware, optical solutions, and data center services.

Since 2008, OSI Global has been giving IT teams around the world peace of mind through innovative, cost-effective, high-quality solutions that extend hardware lifecycles and reduce costs. From enterprise hardware and third-party maintenance (TPM) to optical networking and professional services, OSI Global delivers the same capabilities as larger competitors without the bureaucracy, investors, or red tape.

With a customer-first approach and unmatched responsiveness, OSI Global enables organizations to optimize their IT infrastructure on their terms.
