

Vertikal6 Named to Providence Business News' 2026 Fastest Growing Companies List

Recognition in the \$15 million–\$50 million Revenue Category Reflects Continued Growth in Managed Services, Cybersecurity, AI Innovation and CMMC Readiness

PROVIDENCE, RI, UNITED STATES,
August 6, 2026 /EINPresswire.com/ --

[Vertikal6](#), a leading provider of managed IT, cybersecurity, AI, cloud, software development, and digital marketing solutions, today announced it has been named to the Providence Business News 2026 Fastest Growing Companies list in the \$15 million to \$50 million revenue category.

“

As organizations embrace AI and evolving cybersecurity challenges, they're looking for a partner who can turn technology into measurable business value. That's where Vertikal6 makes the difference.”

Vin DiPippo, CTO

The recognition marks another milestone in Vertikal6's continued growth and evolution as a strategic technology partner. As organizations face increasing demands around cybersecurity, compliance, artificial intelligence, and digital transformation, Vertikal6 continues to expand its capabilities to help clients navigate change with confidence while aligning technology investments to business outcomes.

Over the past year, Vertikal6 has continued to strengthen its position through the expansion of its [elevate™ Foundations managed services](#) platform, delivering

proactive IT management, strategic guidance, cybersecurity, and compliance services that help organizations build resilient technology environments. At the same time, the company has accelerated adoption of CLARITY, its AI advisory and enablement offering that helps organizations implement artificial intelligence with the right governance, business alignment, and practical use cases to drive measurable results.

"This recognition belongs to our employees and our clients," said Rick Norberg, Chief Executive Officer of Vertikal6. "Every milestone we've achieved has been driven by an incredible team that's passionate about solving business challenges through technology and by clients who

continue to trust us as an extension of their organization. We're honored by this recognition and proud that our continued investment in managed services, cybersecurity, and AI is creating meaningful value for the organizations we serve."

Vertikal6 continues to invest in its people, client experience, and integrated portfolio of technology solutions. By bringing together managed IT, cybersecurity, cloud, AI, software development, web development, and digital marketing under one roof, the company provides organizations with a single strategic partner capable of supporting every stage of their technology journey.

As part of its continued commitment to helping organizations strengthen their cybersecurity posture, Vertikal6 has expanded its [CMMC](#) expertise to support manufacturers navigating the complex requirements associated with working with the Department of Defense. Through its own CMMC journey and deep understanding of security frameworks, Vertikal6 helps defense manufacturers identify gaps, build remediation roadmaps, and establish the policies, processes, and technical controls needed to move toward compliance readiness. The company's approach goes beyond a point-in-time assessment by helping organizations build a sustainable cybersecurity foundation that supports ongoing compliance and operational resilience.

"As organizations evaluate emerging technologies, they're looking for practical guidance—not just new tools," said Vin DiPippo, Chief Technology Officer at Vertikal6. "Whether we're helping clients strengthen their IT foundation through elevate™ Foundations, improve their cybersecurity posture, or develop an AI roadmap through CLARITY, our role is to ensure technology delivers measurable business value. We're focused on helping clients make informed decisions today that position them for long-term success."

The Fastest Growing Companies recognition reflects Vertikal6's ongoing commitment to innovation, operational excellence, and delivering measurable outcomes for clients. As the company continues to grow, it remains focused on empowering organizations with secure, strategic, and forward-thinking technology solutions that elevate performance today while preparing them for tomorrow.

About the Fastest Growing & Innovative Companies Program

Each year, Providence Business News recognizes outstanding businesses across Rhode Island and southeastern Massachusetts that demonstrate sustained growth, industry leadership, and innovation. Honorees are selected based on revenue performance, strategic differentiation, and market impact, celebrating organizations that continue to strengthen the region's economy through vision, execution, and long-term success.

About Vertikal6

Vertikal6 is a full-service technology partner helping organizations elevate performance through

managed IT services, cybersecurity, cloud solutions, artificial intelligence, software development, website development, and digital marketing. Through its elevate™ Managed Services platform and CLARITY AI methodology, Vertikal6 helps businesses reduce complexity, improve operational performance, and transform technology into a strategic competitive advantage. Serving organizations throughout the Northeast and beyond, Vertikal6 is committed to delivering measurable outcomes through innovation, partnership, and exceptional client service.
