Same Day Grab Bars® Professional Grab Bar Installation

As we celebrate two years in business, what continues to drive us is the opportunity to help people age in place safely. Every installation is about preserving independence and peace of mind at home."

and installed more than 1,500 MOEN® grab bars throughout Brevard and Indian River Counties — establishing Same Day Grab Bars® as the region's only franchise dedicated exclusively to professional grab bar installation.

Entering their third year, the franchise continues to serve a growing population of residents who want to remain safely and independently in their homes. The Space Coast and Treasure Coast region is home to one of Florida's fastest-growing senior communities, and demand for professional aging-in-place services reflects that trend.

"As we celebrate two years in business, what continues to drive us is the opportunity to help people age in place safely and confidently," said Todd Moyers. "Every installation is about more than a grab bar—it's about preserving independence and peace of mind at home. Over the past couple of years, we've seen firsthand how small changes can make a big impact."

Same Day Grab Bars® specializes in same-day professional installation of MOEN® premium grab bars, safety rails, and accessibility bars for bathrooms. Each installation is completed in a single visit by a certified professional installer, backed by a transferable lifetime warranty.

Residents throughout Brevard and Indian River Counties — from Titusville and Cocoa Beach to Sebastian and Vero Beach — have access to scheduled, same-day installation with no waiting and no guesswork. The Moyers serve both residential customers and referrals from local healthcare providers, occupational therapists, and discharge planners who need a trusted installation partner for patients returning home.

“Todd, our second franchisee, has taken our original business territory and successfully expanded the marketing reach, customer base, and grab bar installations,” said Mike Childs, Same Day Grab Bars® founder. “He and his wife, Julia, are the perfect role models for how our business operates.”
