

2nd Annual DOMINATE Entrepreneurial Summit Returns to Tampa Bay

TAMPA, FL, UNITED STATES, August 10, 2026 /EINPresswire.com/ -- In a continued mission to support the entrepreneurial community, the DOMINATE Entrepreneurial Summit will bring together 12 nationally recognized business leaders to share their advice on what it takes to run a successful business today.

This summit will provide an opportunity to learn from some of the top entrepreneurs in the country as they share their knowledge on four topics that are essential to thrive in business today, including marketing, artificial intelligence, mindset, and finance.

Ari Page, who will be speaking on the finance, business credit, and accounting panel, says, "I missed this event last year, so I'm especially excited for the opportunity to share my knowledge with attendees this year."

Page runs the business credit consulting firm, [Fund&Grow](#), which he built from the ground up and scaled to over \$12 million in annual revenue.

He adds, "A lot of entrepreneurs are struggling in today's weakening economy. I've been in the exact same position early in my career, so I know how tough that can be. In fact, that's what led me down the path of seeking business credit back then, and eventually led to the inception of Fund&Grow. The right financial strategies are the key to scaling a business, and I look forward to sharing my knowledge on that to help more entrepreneurs build more successful businesses."

Derek Carlson, who will be speaking on the mindset, resilience, & overcoming adversity panel says, "Entrepreneurs often focus on strategy, marketing, and sales. Those are essential, but many do not prepare for the emotional weight of entrepreneurship until they are already facing a crisis."

Before his current role with [Realty ONE Group MVP](#), Carlson founded and led a brokerage that grew to more than 1,300 agents at its peak. After years of high-stakes litigation, the company ceased operations, and Carlson continued his work in real estate leadership.

"The mindset I developed throughout my career helped me continue moving forward through one of the most difficult periods of my life," Carlson explains. "I have seen major setbacks overwhelm talented entrepreneurs. If sharing what I learned helps one person face adversity,

regain perspective, and keep going, I will consider that a win.”

The summit will start at 10:30am with networking, followed by each 45 minute expert panel and Q&A session where attendees have the opportunity to ask questions and get personalized advice. The event will be closed out with the Power Track—a series of quick-hitting three minute presentations sharing powerful advice before concluding at 5:30pm.

Additionally, the Mentor Track runs concurrently to the main track, from 12:00pm - 4:10pm and will give attendees the opportunity to sit down, one-on-one, with some of the top entrepreneurs in America to ask questions and get personalized advice for their businesses.

And in-person attendees will have the opportunity to get prequalified for up to \$250,000 in business credit.
