

Classic Marcite Now Offers Pool Resurfacing in Altamonte Springs, FL to Seminole County Homeowners

Orlando-based Classic Marcite brings 38 years of pool resurfacing expertise to Altamonte Springs homeowners facing Florida's year-round heat and UV damage.

ALTAMONTE SPRINGS, FL, UNITED STATES, August 13, 2026 /EINPresswire.com/ -- Homeowners across Seminole County looking to restore aging or deteriorating pools now have a trusted, experienced resource close to home. [Classic](#)

[Marcite](#), a family-owned pool resurfacing and renovation company headquartered in Orlando, is actively serving Altamonte Springs and the surrounding Seminole County area, bringing more than 38 years of professional pool resurfacing expertise to one of Central Florida's most established residential communities.

Pool Resurfacing in Altamonte Springs, FL

Altamonte Springs homeowners face some of the most demanding conditions for residential pool surfaces in the country. Florida's intense UV exposure, high year-round humidity, and extreme summer heat accelerate surface wear far faster than in cooler climates. Pools that see year-round use frequently show signs of deterioration well before the standard 10-to-15-year resurfacing benchmark, including rough plaster, persistent staining, visible surface cracks, and gradual water loss. Addressing these issues early extends a pool's structural life and reduces the long-term cost of deferred repairs.

For homeowners ready to move forward, Classic Marcite makes the process straightforward from the first call. Those seeking professional [pool resurfacing in Altamonte Springs, FL](#) can request a free, no-obligation estimate through the company's dedicated service page, where available finish materials, project timelines, and cost guidance are outlined in detail. Most standard residential resurfacing projects are completed within 5 to 7 days, with minimal disruption to the household throughout.

As the largest Pebble Tec® applicator in Central Florida, Classic Marcite offers a broad selection of premium pool finishes, including Pebble Tec®, Pebble Sheen®, Pebble Fina®, and Beadcrete®, alongside traditional marcite plaster and quartz aggregate options. Every project is completed by trained, direct employees rather than subcontractors, ensuring consistent workmanship and full accountability on every job. Homeowners looking for a verified, established contractor for [pool resurfacing in Altamonte Springs, Florida](#) can view the company's complete Google Maps profile, where Classic Marcite maintains a longstanding presence serving Seminole County and the broader Orlando metro area.

"Altamonte Springs is one of the most active residential communities in the Greater Orlando area, and we've been serving families there for years," said Mike Folta, Owner at Classic Marcite. "Our goal is always the same: restore the pool correctly the first time, with the best materials available, so the family can get back to enjoying their backyard."

Classic Marcite is fully licensed and insured, and all work is performed by trained employees held to consistent quality standards on every project. Since its founding in 1988, the company has completed more than 100,000 pool resurfacing projects across Florida, serving both residential homeowners and commercial clients including hotels, resorts, and apartment communities. Free estimates are available with no obligation, and Classic Marcite provides transparent, upfront pricing with no hidden fees from initial consultation through project completion.

Homeowners in Altamonte Springs and surrounding Seminole County communities are encouraged to request a free estimate to learn more about available finishes and current scheduling availability.
