

Kleinschmidt Welcomes Senior Scientist Peter Stevens

A senior scientist with more than 20 years of experience

PORTLAND, OR, UNITED STATES, August 10, 2026 /EINPresswire.com/ -- [Kleinschmidt](#) Associates is pleased to welcome [Peter Stevens](#), M.S., CFP-C., as a Senior Scientist, strengthening the firm's fisheries, aquatic science, and hydropower consulting capabilities.

“

Peter's depth of experience in fisheries science, hydropower, and environmental compliance makes him an outstanding addition to our team," said Jennifer Jones, Technical Director at Kleinschmidt. "

Jennifer Jones, Technical Director at Kleinschmidt

Peter has more than 20 years of experience in hydropower, water resources, [fisheries science](#), and environmental compliance across both the public and private sectors. Throughout his career, he has led multidisciplinary projects for federal agencies, utilities, and environmental organizations, including the U.S. Bureau of Reclamation (USBR), U.S. Army Corps of Engineers (USACE), PacifiCorp, and Chelan PUD. His expertise includes fisheries population modeling, habitat assessment and restoration, fish passage, telemetry, quantitative analysis, and regulatory compliance under the National Environmental Policy Act (NEPA), Endangered Species Act

(ESA), and Clean Water Act (CWA).

"Peter's depth of experience in fisheries science, hydropower, and environmental compliance makes him an outstanding addition to our team," said Jennifer Jones, Technical Director at Kleinschmidt. " His ability to build strong relationships, provide thoughtful leadership, and integrate sound science with practical solutions will further strengthen our work supporting clients as they balance technical operations, environmental stewardship, and regulatory requirements. We're excited to welcome him to Kleinschmidt."

"Kleinschmidt's collaborative culture and commitment to technical excellence made this an exciting opportunity," Said Peter Stevens Senior Scientist at Kleinschmidt. "I look forward to partnering with our clients and colleagues to advance sustainable water resource solutions."

Peter earned a Bachelor of Arts in Biology and Environmental Science from Lawrence University and a Master of Science from Cornell University. He is a Certified Fisheries Professional (CFP-C) and previously served as President of the Oregon Chapter of the American Fisheries Society.

About Kleinschmidt

Kleinschmidt is an employee-owned engineering, regulatory, and environmental consulting firm specializing in hydropower, water resources, environmental planning, fisheries, and infrastructure. For 60 years, Kleinschmidt has helped clients protect and enhance the natural environment while optimizing the performance of energy and water resource projects throughout North America.
