

Collins Family Movers Offers Labor Only Moving Help for Goodyear Residents Handling Their Own Trucks

Collins Family Movers now loads and unloads rental trucks, portable containers, and storage units for Goodyear residents moving their own belongings.

GOODYEAR, AZ, UNITED STATES, August 7, 2026 /EINPresswire.com/ -- Collins Family Movers is offering labor only moving help to Goodyear, Arizona residents who have already arranged their own truck or container and need trained hands for the lifting. The service covers the physical work of a move without the transport. Crews load and unload rental trucks, portable

containers, and storage units, carry items to and from upper floor apartments, and reposition heavy furniture inside a home. Customers keep control of the vehicle and the schedule while handing off the part of the job that causes most injuries and damage. Bookings are taken as load only, unload only, or both. A homeowner who rented a truck for a cross town move can hire a crew to fill it, drive it themselves, then book a crew at the destination to empty it. Container customers follow the same pattern around their delivery and pickup windows.

Container loading is a common request in the West Valley. Portable containers sit in a driveway for a limited number of days, and how tightly one is packed decides whether everything fits and survives transit. Crews load containers so weight is distributed correctly, tall items are secured against walls, and gaps are filled to stop shifting on the road. Storage runs are covered as well, from small lockers up to the largest drive up units, which suits residents staging a home for sale or clearing a garage.

The service also handles in home work with no truck involved. Crews move appliances for flooring installation, carry a treadmill or a safe upstairs, or rearrange a living room. Landlords and property managers in Goodyear use it for unit turnovers. Physical risk is the practical reason

most customers call. Sofas, refrigerators, washers, and safes cause injuries when moved by people who do it once every few years, and doorframes, stair rails, and tile floors absorb the damage. A trained crew arrives with dollies, straps, and furniture pads and knows how to clear a tight stairwell without taking the trim with it.

Timing accounts for the climate. The company operates seven days a week from 6 AM to 9 PM, so labor only jobs can finish the heaviest carrying before afternoon heat, or run in the evening for apartment residents working around building rules. Demand follows growth in the city. Goodyear counts 118,186 residents with a median home value of \$471,300 and an average resident age of 40.8, a profile with many households comfortable driving a rental truck themselves but unwilling to ask friends to carry a refrigerator down a flight of stairs in July.

Collins Family Movers has been in business for more than 15 years and has served over 10,000 customers, with public review profiles showing a 5.0 star rating from 46 reviews and a 4.9 star rating from 878 reviews. Estimates are issued in writing before the crew arrives, with crew size and hours itemized. Many residents comparing quotes from [local movers in Goodyear, AZ](#) find labor only pricing fits a tighter budget while still putting experienced people on the heavy items, since they pay for time and skill rather than a truck and mileage.

The crews working these jobs are the same teams handling the company's full service relocations, so a customer booking loading help gets the standards applied to a complete household move. That includes padding on furniture before it leaves the room, floor and doorway protection where needed, and a walkthrough at the end. Coverage extends across the West Valley including Buckeye, Avondale, Litchfield Park, Tolleson, Surprise, Estrella Mountain Ranch, Glendale, and Peoria. Residents weighing options at any [moving company in Goodyear, AZ](#) can request a written estimate through the company's Arizona quote form. Crew availability and service details are listed on the page for [labor only moving in Goodyear](#).
