today announced it has been ranked No. 1418 on the [2026 Inc. 5000 list](#), the annual list of the fastest-growing private companies in America. The list is the most prestigious ranking of the nation's most successful independent and entrepreneurial businesses, recognizing companies that have achieved remarkable growth while driving innovation, creating jobs, and shaping the future of the economy. Past honorees include companies such as Microsoft, Meta, Chobani, Oracle, and Patagonia.

“This growth is an amazing accomplishment, but more importantly it reflects the real, urgent demand out there for help with the everyday financial problems people are

quietly wrestling with: the overdraft, the surprise bill, the paycheck that doesn't quite stretch far enough,” says Peter Dunn, Your Money Line Founder & CEO. “Our growth represents more companies giving their employees access to unbiased financial coaching and tools to help them navigate those exact moments. That's always been the point of Your Money Line, and I'm proud of this team for staying focused on it +even as we've grown fast enough to land on this list.”

This year's Inc. 5000 recognizes a new class of companies redefining what growth looks like. From AI and advanced manufacturing to healthcare, consumer products, and professional services, these businesses are expanding their impact, creating jobs and proving that entrepreneurial ambition continues to fuel the U.S. economy. Among the 5,000 companies on the list, the median three-year revenue growth rate was 130%, and those companies have collectively added more than 627,208 jobs to the U.S. economy over the past three years.

We congratulate all honorees on this significant achievement."
