

FlavorCloud Named No. 1550 on the 2026 Inc. 5000, Marking Its Fifth Consecutive Year on the List

The AI-Powered Cross-Border Commerce Platform Climbs 235 Places Year Over Year, Continuing a Five-Year Run Among America's Fastest-Growing Private Companies

SEATTLE, WA, UNITED STATES, August 11, 2026 /EINPresswire.com/ --

[FlavorCloud](#), the AI-powered cross-border commerce platform, today announced it has been ranked No. 1550 on the 2026 Inc. 5000 list, the annual ranking of the fastest-growing private companies in America. This marks FlavorCloud's fifth consecutive appearance on the list and a 235-place improvement from its No. 1785 ranking in 2025.

The Inc. 5000 is the most prestigious ranking of the nation's most successful independent and entrepreneurial businesses, recognizing companies that have achieved remarkable growth while driving innovation, creating jobs, and shaping the future of the economy. Past honorees include Microsoft, Meta, Chobani, Oracle, and Patagonia.

“

Five consecutive years on the Inc. 5000 reflect our customers' trust and our team's dedication. We help brands unlock more profitable, predictable international growth through Commerce Intelligence.”

Rathna Sharad

“Earning a place on the Inc. 5000 for five consecutive years is a powerful validation of the value we create for brands navigating global commerce,” said Rathna Sharad, CEO and founder of FlavorCloud. “Cross-border growth is becoming more complex as tariffs, compliance requirements, pricing, and customer expectations shift in real time. FlavorCloud brings those decisions together in one intelligent platform,

helping brands convert international demand into profitable, scalable growth. This recognition

belongs to our team, our customers, and our partners who continue to push global commerce forward.”

FlavorCloud’s five-year Inc. 5000 record reflects sustained growth as the company has expanded beyond international shipping to deliver an AI-powered Cross-Border Commerce OS. The platform helps brands identify high-potential markets, optimize localized pricing and landed costs, automate product classification and trade compliance, route shipments across a global carrier network, and manage international returns. Together, these capabilities help brands grow international revenue while protecting margin and reducing operational complexity.

This year’s Inc. 5000 recognizes a new class of companies redefining what growth looks like. From AI and advanced manufacturing to healthcare, consumer products, and professional services, these businesses are expanding their impact, creating jobs, and proving that entrepreneurial ambition continues to fuel the U.S. economy. Among the 5,000 companies on the list, the median three-year revenue growth rate was 130%, and those companies have collectively added more than 627,208 jobs to the U.S. economy over the past three years.

For the full Inc. 5000 list, honoree company profiles, and a searchable database by industry and location, visit www.inc.com/inc5000.

“Every company on the Inc. 5000 has a story of perseverance, smart decision making, and a refusal to sit still,” said Mike Hofman, editor-in-chief of Inc. “Their growth reflects more than strong financial performance—it reflects creativity, resilience, and the customer focus required to build companies that make a lasting impact. We congratulate all honorees on this significant achievement.”

Inc. will celebrate the honorees at the 2026 Inc. 5000 Conference & Gala, taking place October 14–16 in Dallas, Texas. The top 500 companies will be listed in the Fall issue of Inc. magazine. Tickets are on sale now.

Inc. 5000 List Methodology

Companies on the 2026 Inc. 5000 are ranked according to percentage revenue growth from 2022 to 2025. To qualify, companies must have been founded and generating revenue by March 31, 2022. They must be U.S.-based, privately held, for-profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2025. (Since then, some on the list may have gone public or been acquired.) The minimum revenue required for 2022 is \$100,000; the minimum for 2025 is \$2 million. As always, Inc. reserves the right to decline applicants for subjective reasons.

About FlavorCloud

FlavorCloud is the [Commerce Intelligence](#) and [cross-border trade compliance](#) platform that helps brands make international their largest and most profitable sales channel. By combining automated compliance, guaranteed DDP with fully landed costs, market-native pricing, and real-time trade intelligence, FlavorCloud enables merchants to optimize international conversion, reduce compliance risk, and deliver localized buying experiences across 220+ countries - powered by a dynamic network of more than 300 global carriers.
