

ScribeEMR and Sandiola™ Announce Partnership to Offer Enhanced RCM and AI-Powered Total CDI

BOSTON, MA AND ENCINITAS, CA,
UNITED STATES, August 10, 2026
/EINPresswire.com/ -- Sandiola and

ScribeEMR today announced a strategic partnership to offer AI with

human-in-the-loop solutions clinical documentation integrity (CDI, RCM, Coding and Virtual Office Services) to hospitals, health systems, and community health providers.

SCRIBE EMR
The Virtual Medical Office Services Leader

SANDIOLA
AI Powered. Expert Human Insight.
Total Clinical Documentation Integrity.™

"We're pleased to announce this partnership with Sandiola, a leader in CDI and DRG optimization, to help our community hospital and health system clients improve the quality of their clinical documentation and optimize reimbursement," says Terry Ciesla, Senior Vice President of ScribeEMR. "Sandiola's clients now have the opportunity to access our best-in-class AI documentation solutions, specialty virtual scribes, coding services, and virtual medical office services that maximize revenue, improve efficiency and healthcare quality."

ScribeEMR provides AI-powered medical charting, real-time remote physician scribing, revenue cycle management, medical coding, and virtual medical office services (VMOS) to healthcare organizations nationwide. Its ScribeRyte AI platform, standalone or human-in-the-loop solutions delivers fast, highly accurate, HIPAA-compliant clinical documentation and supports workflows across leading EMRs.

ScribeEMR was ranked "Best in KLAS for Virtual Scribing Services" for the third consecutive year in the 2026 Best in KLAS: Software & Services Report. The recognition reflects ScribeEMR's continued leadership in virtual scribing services and its broader commitment to healthcare documentation, AI-enabled workflow support, and medical office services.

"ScribeEMR and Sandiola are a natural fit: they get the documentation right at the source, and we make sure it's fully captured on the back end," says Vinnie Whibbs, CEO of Sandiola. "For community hospitals, that combination means accurate acuity, improved reimbursement, stronger quality scores, and fewer denials — Total Clinical Documentation Integrity from the first note to final payment."

Sandiola is a leading provider of AI-Powered Clinical Documentation Integrity and Diagnosis-

Related Group (DRG) optimization built exclusively for community hospitals and health systems. Their solutions combine technology and talent to capture acuity, secure full reimbursement, and defend against payer denials, on contingency, with a money-back guarantee.

Sandpiper™, Sandiola's purpose-built CDI AI prioritization engine that reviews 100% of inpatient encounters to ensure patient acuity is accurately captured and the hospital is paid in full for the care it delivers. Paired with Sandiola's dual-certified CDI and Coding clinicians, Sandiola delivers Total Clinical Documentation Integrity for its hospital customers. Sandiola's Sandpiper is trained on years of actual CDI cases and powered by Anthropic's most advanced models and a proprietary machine-learning algorithm. Sandpiper reviews every chart in under a second and delivers 100% case coverage 24/7/365.

About Sandiola

Sandiola, LLC is a specialized AI technology and expert talent partner focused exclusively on Clinical Documentation Integrity for community hospitals and health systems. Sandiola is the partner of choice for hospitals seeking enhanced financial health, improved quality scores, and exceptional service.

About ScribeEMR

ScribeEMR provides AI-powered medical charting, real-time remote physician scribing, revenue cycle management (RCM), medical coding, and virtual medical office services (VMOS) to healthcare organizations nationwide.
