

The Other Moving Company Marks 30 Years and a Best of Williamsburg Gold Award

Founded in August 1996, the family-run movers now operate more than 50 trucks and three storage facilities across the Peninsula and Middle Peninsula

WILLIAMSBURG, VA, UNITED STATES, August 10, 2026 /EINPresswire.com/ -- The Other Moving Company, a family-owned relocation firm headquartered in Williamsburg, reached its 30th year in business this month, and marked the anniversary alongside a Best of Williamsburg gold award from Virginia Media naming it the area's top moving company.

Over three decades, the family-owned [Williamsburg movers](#) have grown to a fleet of more than 50 trucks and trailers and three storage facilities, two of them warehouses. As an agent for northAmerican Moving Services, the company handles local, long-distance and interstate household moves as well as commercial relocations, working from two Virginia locations: Endeavor Drive in Williamsburg and George Washington Memorial Highway in Hayes.

"Thirty years ago we were a small local outfit trying to earn a second job from every customer we served," said Brian Hudgins, owner and CEO of The Other Moving Company. "That part has not changed. What has changed is how many families in this area call us first, and the fact that a lot of the people loading those trucks grew up here. When your neighbors vote for you, it is because they trusted you with their house before they ever filled out a ballot."

The gold award, voted on by readers and published by Virginia Media, adds to previous "best of" recognition the company has earned in Williamsburg, on the Peninsula and on the Southside, including Virginia Gazette Best of Greater Williamsburg honors in multiple years.

Residential and commercial customers can arrange moving and storage services, including short-

term and long-term warehouse storage, by phone at 1-804-642-0019 or toll free at 1-866-4U2-MOVE. The company serves the Historic Triangle, the Peninsula, the Middle Peninsula and the Southside, and coordinates interstate relocations through the northAmerican agent network. Hudgins said the next year will focus on the same two things that carried the company through its first 30: keeping the fleet and warehouses sized to demand, and keeping crews long enough that customers see familiar faces on repeat moves.
