

Get Simple Box Marks 9th Anniversary with Salem Facility Upgrades, New Technology, and Community Focus

Fresh off a "Best of the Willamette Valley" win, local owners reinvest in Salem infrastructure and the "Box Bot" delivery system to serve surrounding areas.

SALEM, OR, UNITED STATES, August 10, 2026 /EINPresswire.com/ -- [Get Simple Box Storage Containers in Salem](#) is celebrating its ninth anniversary in the Willamette Valley, capping off one of the most transformative years in the company's history. Launched on July 15, 2017, the local portable storage provider is marking nearly a decade of growth by giving back to the community that built it, expanding local capacity, and upgrading equipment at its [5191 Portland Rd NE yard](#).

Get Simple Box Storage Containers - Salem team

The milestone comes on the heels of Get Simple Box being voted the 2026 "[Best of the Willamette Valley](#)" for Moving Services. Rather than resting on the recognition, husband-and-wife owner-operators Trevor and Brittney Eshuis are using the momentum to reinvest directly into the Salem metro area.

“

Getting healthy taught me to prioritize what matters—showing up for my family, team, and community. Nine years later, we still believe people will always matter more than things.”

Trevor Eshuis, Co-Owner & Operator

Over the past year, the local hub completed major operational enhancements, including expanded yard storage, a dedicated customer office space, and the introduction of the "Box Bot", a state-of-the-art, remote-controlled container delivery system.

Why Local Residents and Businesses Benefit
For Salem homeowners, contractors, and agricultural

producers, these site and technology upgrades deliver tangible local benefits:

Driveway-Friendly Precision: The new "Box Bot" remote delivery system allows for hyper-precise container placement in tight residential driveways, narrow farm gates, or active job sites with minimal risk of property or lawn damage.

Faster Local Turnarounds: Expanded storage capacity at the Portland Road facility means faster dispatch times for emergency home remodels, seasonal agricultural storage, and residential moves.

Direct, Broker-Free Service: Customers work directly with local residents who know Marion County routes, avoiding third-party call centers, hidden broker fees, or scheduling miscommunications.

Driven by Gratitude and a "People-First" Culture

Beyond physical equipment, Trevor and Brittney credit an intentional shift toward personal health, family, and discipline for setting a higher standard for their workplace culture and customer service.

"For years, I wasn't making my physical health a priority," says Trevor Eshuis, Co-Owner & Operator. "Deciding to make no excuses, get healthy, and prioritize what matters most completely transformed my perspective and has allowed me to show up more fully for my family and our team. We bring that same intentional mindset to our business every day. We are deeply grateful to our neighbors who have trusted us for nine years, and we operate on a simple principle: people will always matter more than things."

Looking ahead, Get Simple Box remains committed to delivering secure, wind-and-water-tight steel containers with transparent pricing across Salem, Stayton, Keizer, and the broader Willamette Valley.

Local residents, builders, and business owners are invited to visit the Salem yard, meet the local team, or request a container quote online at getsimplebox.com/oregon/storage-containers-salem/

About Get Simple Box Storage Containers

Get Simple Box is an independently owned provider of shipping container sales, moving services, and storage rentals. Run by local operators Trevor and Brittney Eshuis, the Salem hub serves homeowners, farmers, and businesses throughout Marion County and the broader Willamette Valley with honest pricing, personal service, and broker-free delivery.
