

Lovell Government Services Named to 2026 Inc. 5000 for Fifth Time

The veteran-owned company continues its growth, expanding access to innovative healthcare technologies across the federal market.

PENSACOLA, FL, UNITED STATES, August 11, 2026 /EINPresswire.com/ -- Lovell Government Services (Lovell), a Service-Disabled Veteran-Owned Small Business (SDVOSB), has been named to the 2026 Inc. 5000, earning a place among America's fastest-growing private companies for the fifth time. Published annually by Inc. magazine since 1982, the prestigious list recognizes companies that have demonstrated exceptional growth and entrepreneurial success over a three-year period.

“

We're incredibly honored to be recognized by Inc. for the fifth time. This milestone reflects the dedication of our entire team and the trust our partners place in us every day.”

Chris Lovell, CEO of Lovell Government Services

The milestone reflects Lovell's continued expansion as one of the nation's leading federal healthcare distributors and government contracting partners. Since its founding in 2013, the company has helped medical, dental,

pharmaceutical, and healthcare technology manufacturers navigate the federal marketplace while improving access to innovative products across the U.S. Department of Veterans Affairs (VA), Department of Defense (DoD), Indian Health Service (IHS), and other federal healthcare systems.

The recognition follows another year of strong growth and strategic expansion. During the year, Lovell expanded its Defense Logistics Agency (DLA) Electronic Catalog (ECAT) presence, earned National Association of Boards of Pharmacy (NABP) accreditation for pharmaceutical distribution, launched its innovative federal webstore and Amazon storefront, expanded its third-party logistics (3PL) capabilities, and continued increasing federal access to innovative healthcare technologies through strategic partnerships with industry-leading manufacturers.

“We're incredibly honored to be recognized by Inc. for the fifth time,” said Chris Lovell, CEO and founder of Lovell Government Services. “This milestone reflects the dedication of our entire team and the trust our partners place in us every day. Our mission has always been to help innovative companies reach federal healthcare providers more efficiently while ensuring Veterans, active-duty service members, and their families have access to the best technologies

available. We're proud of how far we've come and even more excited about what's ahead."

Lovell has consistently ranked among the nation's fastest-growing private companies, including a No. 3 overall ranking in 2020 and No. 39 in 2021. The company has also been recognized on the Vet100 list honoring America's fastest-growing veteran-owned businesses.

This year's Inc. 5000 recognizes a new class of companies redefining what growth looks like. Across industries including healthcare, advanced manufacturing, artificial intelligence, consumer products, and professional services, the honorees are expanding their impact, creating jobs, and demonstrating the continued strength of entrepreneurial ambition. The 5,000 companies on the 2026 list achieved a median three-year revenue growth rate of 130% and collectively added more than 627,208 jobs to the U.S. economy over the past three years.

For the full Inc. 5000 list, honoree company profiles, and a searchable database by industry and location, visit www.inc.com/inc5000.

"Every company on the Inc. 5000 has a story of perseverance, smart decision making, and a refusal to sit still," said Mike Hofman, editor-in-chief of Inc. "Their growth reflects more than strong financial performance - it reflects creativity, resilience, and the customer focus required to build companies that make a lasting impact. We congratulate all honorees on this significant achievement."

Inc. will celebrate the honorees at the 2026 Inc. 5000 Conference & Gala, taking place October 14-16 in Dallas, Texas. The top 500 companies will also be featured in the Fall issue of Inc. magazine.

Inc. 5000 List Methodology

Companies on the 2026 Inc. 5000 are ranked according to percentage revenue growth from 2022 to 2025. To qualify, companies must have been founded and generating revenue by March 31, 2022. They must be U.S.-based, privately held, for-profit, and independent - not subsidiaries or divisions of other companies - as of December 31, 2025. Since then, some companies on the list may have gone public or been acquired. The minimum revenue required for 2022 is \$100,000; the minimum for 2025 is \$2 million. Inc. reserves the right to decline applicants for subjective reasons.
