

ADA Access Consultants Provides Comprehensive ADA Inspection Services Throughout California

ADA Access Consultants provides ADA evaluations, CASp inspections, accessibility consulting, and compliance services for businesses across California.

LOS ANGELES, CA, UNITED STATES, August 11, 2026 /EINPresswire.com/ -- [ADA Access](#)

“

ADA inspections provide property owners with a clearer understanding of existing accessibility conditions and areas that may require attention”

said Ernie Castro, founder of ADA Access Consultants.

[Consultants](#) continues to provide accessibility inspection and compliance services for commercial and public properties throughout California, including Certified Access Specialist (CASp) inspections, ADA plan reviews, and accessibility consulting.

The company's services address physical accessibility requirements under the Americans with Disabilities Act (ADA), California Building Code, and other applicable accessibility standards. Inspections may evaluate property entrances, accessible parking areas, pathways, service

areas, restrooms, ramps, elevators, signage, and other elements used by the public.

[CASp inspections](#) are conducted by professionals certified by the State of California through the Division of the State Architect. The inspections can be used by property owners, commercial operators, and other organizations to document existing accessibility conditions and identify potential modifications.

Following an inspection, ADA Access Consultants prepares reports that may include descriptions of findings, photographs and measurements, references to applicable accessibility codes, and recommendations for addressing identified barriers. The company also provides ADA plan review services for new construction and property improvements, allowing accessibility considerations to be evaluated during the planning process.

The company's consulting services extend to properties at different stages of development, from projects undergoing design and construction to existing commercial facilities. ADA Access Consultants also provides expert witness services and guidance related to accessibility claims and compliance matters.

[ADA inspection services California](#) businesses may require can vary depending on the type, age, location, and use of a property. The company works with businesses and property owners throughout the state to evaluate accessibility conditions and provide documentation relevant to compliance planning.

Founded by Ernie, a licensed general contractor and builder with more than 30 years of experience in commercial and residential construction, ADA Access Consultants focuses on physical accessibility inspections and related compliance services.

More information about ADA Access Consultants and its inspection and consulting services is available through the company's website.

About ADA Access Consultants
