

Anticimex Carolinas Family of Brands Supports Local Communities with Summer Food Drive

Killingsworth Environmental, Clark's Termite & Pest Control, and Strand Termite & Pest Control Provide donate to local food banks across the Carolinas.

MATTHEWS, NC, UNITED STATES, August 11, 2026

/EINPresswire.com/ -- Anticimex Carolinas and its family of brands, [Killingsworth Environmental](#), [Clark's Termite & Pest Control](#), and [Strand Termite & Pest Control](#), came together this summer to support local families experiencing food insecurity during a critical time of year.

With school out for the summer, many children no longer have access to the meals provided through school programs. To help bridge that gap, employees across the organization donated food and essential supplies to food banks and community organizations serving families throughout the Carolinas.

Together, the team provided:

- 492 pounds of food to Food for Families in Charlotte
- 443 pounds of food to Lowcountry Food Bank
- 56 canned goods, 32 pantry items, and cases of water to the Food Bank of Central and Eastern North Carolina
- 262 pounds of food to Harvest Hope in Columbia, SC
- 30 servings to Loaves & Fishes

"These donations are about more than food, they're about making sure families and children have the support they need during the summer months," said Bryan Cummings, President of Anticimex Carolinas. "I'm incredibly proud of our teams for coming together to support organizations that are working every day to make a difference in the communities where we live and work."

Food banks and community organizations play a critical role in helping families navigate food

Employees from the Anticimex Carolinas family of brands collected food and essential supplies to support local families during the summer months.

insecurity, particularly during the summer months when children may lose access to school-based meal programs. By supporting organizations across the Carolinas, the Anticimex Carolinas Family of Brands is helping provide essential resources to families when they need them most.

The Anticimex Carolinas Family of Brands, Killingsworth, Clark's, and Strand, continues to combine industry-leading pest control services with meaningful community involvement, demonstrating that their commitment to protecting what matters extends beyond homes and businesses and into the communities they serve.
