

Lloyd's Register strengthens offshore energy capabilities with senior APAC appointment

LONDON, UNITED KINGDOM, August 11, 2026 /EINPresswire.com/ -- Lloyd's

Register (LR) has appointed Wouter Pattynama as Executive Client Solutions Manager, Offshore, strengthening its offshore energy expertise and expanding support for clients across Australia, New Zealand and the wider Asia-Pacific region.

“

I look forward to working closely with clients and stakeholders to help address their challenges, support innovation and deliver safe, reliable and sustainable outcomes for the offshore energy sector.”

*Wouter Pattynama, LR
Executive Client Solutions
Manager, Offshore*

Based in Perth Western Australia, Wouter brings nearly 30 years of international experience spanning maritime, offshore energy, and oil and gas. His appointment reinforces LR's commitment to clients operating across offshore oil and gas, renewables, carbon capture and storage (CCS), and other emerging energy sectors.

Wouter joins LR from Australia's offshore regulator, the National Offshore Petroleum Safety and Environmental Management Authority (NOPSEMA), where he held senior executive leadership roles overseeing offshore safety, environmental management and regulatory assurance. Over his career he developed deep expertise across the

vessel lifecycle, from design to extension and eventual decommissioning.

Wouter will deliver assurance, compliance, risk management and technical advisory services to help clients improve safety, reliability and operational performance.

Offshore operators face tightening international regulation and the challenges of ageing assets while delivering digital transformation and decarbonisation initiatives. Wouter's technical, operational and regulatory experience will help clients manage these evolving challenges safely.

Ian Crehan, LR's Global Head of Energy Solutions, said: "Wouter's appointment represents an important investment in our offshore energy capabilities across Australia, New Zealand and the wider APAC region. His unique combination of operator, technical and regulatory experience is rare within the industry and will bring significant value to our clients.

"As the energy sector evolves, organisations need trusted partners who understand both

operations and how regulation affects operations. Wouter's experience will help clients safely manage their risks and improve asset performance."

Wouter Pattynama, LR Executive Client Solutions Manager, Offshore, said: "I join LR at an important time for the offshore energy industry. Across the region, operators must balance excellent operations against growing safety, sustainability and energy transition expectations.

"The energy industry recognises LR's reputation for technical excellence, independent assurance and collaborative partnership, and I look forward to working closely with clients and stakeholders to help address their challenges, support innovation and deliver safe, reliable and sustainable outcomes for the offshore energy sector."
