

Santa Paula Dentist Channel Islands Family Dental Office Launches \$99 New Patient Special Ahead of Back-to-School Season

Local Santa Paula dental office offers \$99 exams, X-rays and cleanings, plus same-day and emergency appointments for back-to-school dental care.

SANTA PAULA, CA, UNITED STATES, August 11, 2026 /EINPresswire.com/ -- Channel Islands Family Dental Office, a family-owned dental practice serving Santa Paula and the greater Ventura County area, announced today the launch of its \$99 New Patient Special, a limited-time offer designed to make preventive dental care more accessible for local families heading into the new school year. The promotion includes a comprehensive exam, necessary X-rays, and a professional cleaning for new patients.

The practice, located at 248 W Harvard Blvd, Suite B in Santa Paula, said the timing of the offer is deliberate. Pediatric dentists and school health officials routinely point to healthy teeth as a factor in school readiness, since untreated dental pain is a leading cause of missed school days among children.

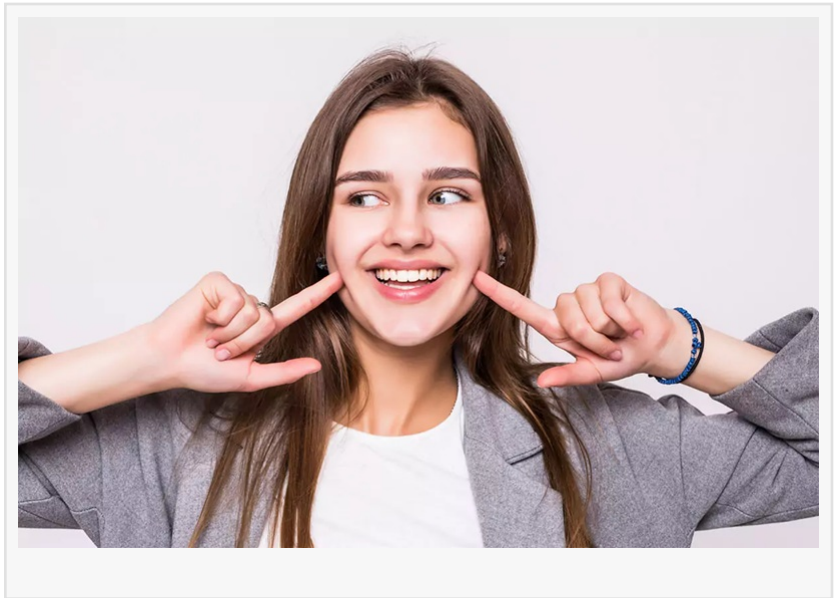

"Healthy smiles make for better school days," said Dr. Gustavo Assatourians for Channel Islands Family Dental Office. "We want every family in Santa Paula to be able to walk into the school year without worrying about a toothache

holding their child back. That starts with an affordable, no-pressure first visit."

A Full-Service Dental Home for Santa Paula Families

[Santa Paula Dentist](#) Channel Islands Family Dental Office offers a broad range of services under one roof, allowing patients of all ages to receive consistent, coordinated care, including:

- * General and pediatric dentistry, including checkups for infants, children, and teens
- * Dental fillings, dental crowns, and root canal therapy
- * [Dental implants](#) and dentures for tooth replacement
- * Cosmetic services such as veneers, Invisalign clear aligners, and Zoom laser teeth whitening
- * [Orthodontics](#) and clear braces
- * Nightguards and sleep apnea treatment
- * Same-day care for dental emergencies, including toothaches and broken teeth

The practice accepts a wide range of insurance plans, including Medi-Cal, Denti-Cal, Gold Coast Health Plan, and Tricare. For uninsured patients, the office also offers in-house dental savings plans, including an Ally Basic plan priced at \$109 per year that provides a 37% discount on general dental procedures, and an Emergency Ally plan at \$60 per year covering discounted extractions.

"Cost and access are two of the biggest reasons people delay dental care," the Dr. Gustavo Assatourians added. "Between our insurance partnerships, our savings plans, and this new patient special, we're trying to remove those barriers for our community."

Bilingual Care and Community Focus

Channel Islands Family Dental Office serves a large Spanish-speaking patient base in Santa Paula and offers its website and in-office communication in both English and Spanish. The practice reports a 4.7-star rating from more than 60 plus patient reviews on Google, with patients frequently citing the team's gentle approach with children and clear explanation of treatment options.

The office is open Monday through Friday from 9:00 a.m. to 6:00 p.m. and offers appointment booking online, by phone, or via WhatsApp for patients who prefer text-based scheduling.

About the \$99 New Patient Special

New patients without dental insurance can take advantage of the \$99 exam, X-rays, and cleaning offer by booking an appointment before the start of the local school year. Patients with dental anxiety, children visiting the dentist for the first time, and families who have delayed care due to cost are especially encouraged to schedule a visit.

Appointments can be booked at <https://santapauladentists.com/book-appointment/> or by calling (805) 525-1573.
