

CDAO Financial Services & Insurance UK

CDAO Financial Services & Insurance UK Returns to London, Bringing Together the Leaders Shaping the Future of Data, Governance, and Analytics

LONDON, UNITED KINGDOM, August 11, 2026 /EINPresswire.com/ -- As financial institutions face growing regulatory scrutiny, increasing demands for trusted data, and mounting pressure to demonstrate measurable business value, senior data and analytics leaders will gather in London for CDAO Financial Services & Insurance UK 2026.

Taking place on 15 September 2026 at the America Square Conference Centre, the event will unite Chief Data Officers, Chief Data & Analytics Officers, Heads of Data, Governance, Analytics, and Transformation leaders from across banking, insurance, and the wider financial services sector for a day of practical learning, peer-to-peer networking, and strategic discussion.

Designed specifically for senior practitioners, [CDAO Financial Services & Insurance UK](#) will explore how organisations are modernising data strategies, strengthening governance frameworks, improving regulatory readiness, and building scalable data capabilities that deliver measurable business outcomes.

The agenda addresses many of the industry's most pressing priorities, including:

- Building trusted data foundations for enterprise transformation

- AI governance and regulatory readiness
- Modernising data operating models
- Data architecture and cloud strategy
- Data governance and quality
- Measuring business value and ROI from data investments
- Real-time analytics and decision intelligence
- Open Banking and data-driven innovation
- The evolving role of the Chief Data Officer

The programme features keynote presentations, panel discussions, interactive discussion groups, and networking sessions designed to encourage open knowledge sharing between senior leaders facing similar organisational challenges.

Confirmed speakers include senior executives from organisations such as Deutsche Bank, Barclays, Citi, JP Morgan Chase, Royal London Group, British Business Bank, Virgin Money, FirstBank UK, BBVA, HM Revenue & Customs, and many more, offering attendees practical insights drawn from real-world transformation initiatives.

This year's event will once again feature dedicated Banking & Financial Services and Insurance content tracks, ensuring attendees can tailor their experience to the challenges and priorities most relevant to their organisations. Alongside expert-led presentations, delegates will participate in interactive roundtables and discussion groups designed to encourage candid conversations, peer learning, and the exchange of practical ideas.

Co-located with the AI in Finance Summit London, attendees will also have the opportunity to connect with a broader community of senior financial services leaders exploring the future of AI, advanced analytics, and digital transformation across the industry.

As financial institutions continue to balance innovation with governance, operational resilience, and regulatory expectations, CDAO Financial Services & Insurance UK provides a unique platform for leaders to benchmark strategies, share experiences, and build the connections needed to navigate the next chapter of data-driven financial services.

Registration is now open. To learn more about the agenda, speakers, sponsorship opportunities, or to secure your place, visit the event website.
