the 2026

Applied Technology Academy celebrates its first appearance on the 2026 Inc. 5000, ranking No. 36 among education companies nationwide and No. 2,370 overall.

ATA ranked No. 2,370 overall, No. 36 among education companies in the United States, No. 257 in Florida, and No. 128 in the Miami-Fort Lauderdale-West Palm Beach metropolitan area, with 141% growth over three years. This marks ATA's first appearance on the Inc. 5000.

"Being named to the 2026 Inc. 5000 is a tremendous honor and a reflection of the commitment of our entire team," said Lynn Fisher, President and CEO of Applied Technology Academy. "Our growth has never been about growth for its own sake. It has come from staying focused on our mission, responding to the needs of our students and clients, and delivering training with integrity, agility, and an uncompromising commitment to quality."

For more than a decade, ATA has delivered vendor-based, vendor-neutral, and customized training designed to prepare students for more than an exam. Its programs combine instructor expertise, practical application, hands-on learning, and real-world scenarios to help participants build skills they can apply in their careers and organizations.

ATA offers training across cybersecurity, artificial intelligence and machine learning, cloud computing, IT infrastructure, project management, leadership development, and other rapidly evolving disciplines. The organization also works with military, government, and commercial

clients to develop private and customized training programs aligned with workforce and mission requirements.

ATA’s inclusion on the 2026 Inc. 5000 reflects the organization’s continued growth while serving individuals and organizations with practical, career-focused training.

“This recognition belongs to our employees, instructors, students, clients, and partners,” Fisher added. “Their trust, dedication, and willingness to grow alongside us have made this achievement possible. We are grateful for how far we have come and excited about the opportunities

ahead.”
