CHARLOTTE, NC, UNITED STATES, August 11, 2026 /EINPresswire.com/ -- Opkalla today announced it has been ranked No. 910 on the 2026 Inc. 5000 list, the annual list of the fastest-growing private companies in America. The list is the most prestigious ranking of the nation's most successful independent and entrepreneurial businesses. It recognizes companies that have achieved remarkable growth while driving innovation, creating jobs, and shaping the future of the economy. Past honorees include companies such as Microsoft, Meta, Chobani, Oracle, and Patagonia.

"We're honored to be included on the Inc. 5000 list for the fourth year in a row," Aaron Bock, CEO of Opkalla, said. "We've worked hard to build a company that creates long-term value for our clients, invests in our people, and continues to evolve alongside a rapidly changing technology landscape. This recognition validates our belief that when you consistently put customers' best interests first and focus on helping them succeed, growth follows. This award belongs to the entire Opkalla team and the customers who trust us to be part of their journey."

This year's Inc. 5000 recognizes a new class of companies redefining what growth looks like. From AI and advanced manufacturing to healthcare, consumer products, and professional services, these businesses are expanding their impact, creating jobs and proving that entrepreneurial ambition continues to fuel the U.S. economy. Among the 5,000 companies on the list, the median three-year revenue growth rate was 130%, and those companies have collectively added more than 627,208 jobs to the U.S. economy over the past three years.
