

Indonesia Technology & Innovation 2026 (INTI 2026)

JAKARTA, INDONESIA, August 11, 2026 /EINPresswire.com/ -- Indonesia Technology & Innovation 2026 (INTI 2026), Indonesia's largest B2B technology and innovation exhibition, will be held on August 11-13, 2026, at the Jakarta International Expo. The event is set to bring together industry leaders, innovators, startups, investors, policymakers, and technology professionals from around the world to explore the future of digital transformation and technological advancement across industries.

As one of Indonesia's leading technology platforms, INTI serves as a catalyst for innovation and collaboration in the country's rapidly growing digital ecosystem. The exhibition provides opportunities for businesses to discover emerging technologies, build strategic partnerships, and accelerate innovation-driven growth. INTI welcomes participation from startups with breakthrough ideas, established enterprises seeking digital transformation, investors looking for new opportunities, and individuals passionate about technology and innovation.

INTI envisions a future where technology is seamlessly integrated into every sector, driving sustainable growth, improving operational efficiency, and enhancing the quality of life. Through this platform, INTI aims to support Indonesia's transition toward an innovation-led economy and strengthen the country's position in the global technology landscape.

Event's mission

The event's mission is to accelerate the growth of technology and innovation across industries by encouraging the adoption of cutting-edge solutions and fostering collaboration between businesses, government institutions, and technology communities. In today's highly competitive and rapidly evolving digital era, INTI continues to position itself as a strategic platform that helps organizations stay ahead through innovation and technological transformation.

Building on the success of the previous edition, INTI recorded strong international participation with more than 30,000 trade buyers, over 1,200 exhibitors, more than 450 speakers, participation from 18 countries, and exhibition space covering over 13,000 square meters. These achievements reflect the increasing momentum of Indonesia's digital economy and growing interest from global technology players in the Indonesian market.

INTI 2026 will once again deliver an immersive and interactive experience through keynote sessions, panel discussions, workshops, business networking programs, and technology showcases. The event is designed to create an environment where ideas converge, partnerships flourish, and innovation becomes actionable across industries.

Valuable networking opportunities

Participants will gain access to valuable networking opportunities with business leaders, technology providers, investors, and industry experts who are shaping the future of technology. The exhibition will also showcase breakthrough technologies, next-generation solutions, and pioneering innovations that have the potential to transform business operations and industrial development.

Interactive workshops

In addition, interactive workshops and hands-on sessions will allow participants to experience emerging technologies directly while gaining practical insights into digital transformation strategies. INTI also creates opportunities for collaboration by connecting businesses with potential partners, investors, and innovators who share a common vision for a more technology-driven future.

Shape the future of Indonesia

As Indonesia continues accelerating its digital transformation agenda, INTI 2026 is expected to play an important role in strengthening innovation, fostering collaboration, and supporting the country's ambition to become one of the leading digital economies in the region. Through the convergence of technology, business, and innovation, INTI 2026 aims to help shape the future of Indonesia's digital and industrial landscape.

Date: August 11–13, 2026

Venue: Jakarta International Expo
