

Parallel Technologies Welcomes Jon Marks as New Chief Executive Officer

Parallel Technologies names Jon Marks CEO, effective Aug. 11. Marks joins from Tanknology, previously held roles at Honeywell, Johnson Controls.

EDEN PRAIRIE, MN, UNITED STATES, August 11, 2026 /EINPresswire.com/ -- [Parallel Technologies is pleased to announce](#) the appointment of Jon Marks as its new Chief Executive Officer, effective today. With more than two decades of executive leadership experience, Jon brings a proven track record of scaling businesses, driving operational excellence, and building high-performing teams across the security, building technology and services sectors.

Jon Marks

Most recently, Jon served as President of Tanknology, a field-based services business with nearly 500 employees, from 2024 to 2026. Before that, Jon built his career over nearly two decades at Honeywell and Johnson Controls, where he held a series of General Management, commercial, operations, and strategy leadership roles in the building technology industry. Jon holds an MBA from Vlerick Business School and a BA in Business & Communications from Lake Forest College.

"I'm incredibly excited to join the team at Parallel Technologies," said Jon Marks. "I've been impressed by the company's commitment to innovation, its talented people, and its culture of excellence. I see tremendous opportunity ahead to invest in our people, capabilities and deliver even greater value to the enterprise clients we serve worldwide."

Jon will work closely with the executive leadership team and the Board of Directors to guide Parallel Technologies through its next phase of growth.

"We are thrilled to welcome Jon as Parallel Technologies' next CEO," said Luke Musech, Chairman of Parallel Technologies. "His extensive industry experience and strong focus on building teams make him well-positioned to take Parallel into its next chapter. We're excited to support him in

this transition.”

Under Jon's leadership, Parallel Technologies will continue delivering physical security, communications, and network infrastructure solutions to enterprise clients worldwide.
