

Pilot Games Redefines Electronic Instant Bingo in Ohio with the Launch of CabTab™

Industry-first platform combines tablet and cabinet gaming, giving organizations more flexibility, more player choice, and new fundraising opportunities.

DETROIT, MI, UNITED STATES, August 11, 2026 /EINPresswire.com/ -- [Pilot Games](#), one of North America's leading innovators in charitable gaming technology, today announced its expansion into Ohio with CabTab™, an electronic instant bingo platform built to transform how veteran and fraternal organizations deliver charitable gaming. CabTab™ is the first platform to unite electronic tablets and gaming cabinets into a single ecosystem. Clubs can maximize their game space while giving patrons the freedom to choose how they play, all within the same portfolio of games.

The result: a more flexible gaming space, a better player experience, and greater

fundraising potential for the organizations serving Ohio's veterans and local communities.

"Innovation has been the foundation of Pilot Games since day one," said Jon Weaver, Chief Executive Officer of Pilot Games. "We're excited to bring Ohio organizations a technology platform unlike anything currently available in the market. CabTab™ gives clubs more flexibility, gives players more choice, and helps charities generate the resources they need to continue their important work."

Why CabTab™ Changes the Industry

- First integrated tablet-and-cabinet electronic instant bingo platform in Ohio
- Lets clubs maximize approved gaming positions while offering players a choice of hardware
- One connected electronic instant bingo experience across tablets and cabinets
- Premium proprietary games developed exclusively by Pilot Games
- Flexible deployment for organizations of every size

- Built to help charitable organizations increase player engagement and fundraising performance

Pilot Games has built its reputation since founding by shipping technologies that changed how the industry operates, backed by more than 25 U.S. patents. CabTab™ is the latest step in Pilot's push to advance charitable gaming through technology and player-focused design.

"Pilot has never believed in following the industry," Weaver added. "Our philosophy is simple: innovate first, build the best products possible, and help our customers succeed. CabTab™ is another example of that commitment."

CabTab™ installations will begin immediately across Ohio, as Pilot Games partners with veteran and fraternal organizations looking to modernize their charitable gaming operations and grow their fundraising.

About Pilot Games

Founded in 2014, Pilot Games develops electronic gaming technology for the charitable gaming industry. Serving hundreds of charitable organizations across North America, Pilot designs proprietary hardware, software, and game content that deliver strong player experiences while helping charities maximize fundraising. With more than 25 U.S. patents, Pilot Games continues to shape the future of charitable gaming.
