

National Power Alliance Launches Statewide Concierge Service for Florida Personal Injury Attorneys

The Power Behind You: an alliance of vetted, independent medical providers and the concierge team that serves the attorneys who represent injured Floridians.

PALM BEACH GARDENS, FL, UNITED STATES, August 12, 2026

/EINPresswire.com/ -- [National Power Alliance](#) (NPA) today officially launches as a statewide concierge network designed exclusively to help [Florida personal injury attorneys](#) quickly connect their clients with trusted, vetted medical providers throughout the state.

NPA is not a lead generation platform, referral marketplace, or attorney

membership network. It is a concierge service that simplifies one of the most time-consuming tasks in a personal injury practice: finding trusted medical providers in unfamiliar markets. Through NPA, attorneys remain in complete control of provider selection while NPA handles the research, vetting, and coordination. Providers pay National Power Alliance a flat fee to be part of the network. Attorneys and their clients pay nothing for the service.

"Attorneys deserve better than a directory. They deserve a real service. When a client needs a specialist, an imaging center, a chiropractor, a physical therapist, or another qualified provider in a market the attorney does not cover every day, we make the introduction easier, faster, and more efficient. The attorney chooses. We remove the hassle."

— Brooke Carino, Founder and CEO, National Power Alliance

National Power Alliance (NPA) was founded by the team behind Team MRI, a trusted imaging network that has grown rapidly across Florida.

The National Power Alliance leadership team (from left): CMO Rebecca Russotti, CEO Brooke Pastor Carino, COO Donna Nuro, and CFO Cheryl Bougie. NPA officially launches as a statewide concierge service for Florida personal injury attorneys.

Attorneys deserve better than a directory. They deserve a real service. The attorney chooses. We remove the hassle."

As relationships with personal injury attorneys grew, so did their requests for help far beyond imaging. They needed chiropractors, orthopedic specialists, neurologists, pain management, and other trusted providers in markets where they lacked established relationships. They needed a single reliable resource to help them find and schedule qualified providers, from a client's first appointment through the conclusion of treatment. The growing demand led to the creation of National Power Alliance.

What NPA Provides Attorneys

At launch, National Power Alliance offers Florida personal injury attorneys:

- Access to a statewide network of 1,700+ [vetted providers](#) across chiropractic, orthopedics, neurology, pain management, physical therapy, diagnostic imaging, and other key specialties
- Broad Florida coverage with trusted provider relationships spanning the state from South Florida to the Panhandle, including Tampa Bay, Central Florida, Northeast Florida, Southwest Florida, the Treasure Coast, and the Space Coast
- Dedicated 24/7 coordination from an experienced NPA team, never a call center
- Proactive communication that keeps the attorney's office informed at every step: scheduling, appointments, and records
- Real-time visibility into appointment scheduling, records requests, and provider communication
- One trusted point of contact that eliminates endless phone calls and paper chasing, streamlining provider coordination from the first call to the final record

"Speed and simplicity are the whole point. When someone is hurt, they should not wait weeks for an appointment, and a law office should not spend days chasing records. We keep the logistics simple so providers can focus on care and attorneys can focus on their clients."

— Brooke Carino, Founder and CEO, National Power Alliance

Built in Florida. Designed to Travel.

NPA launches statewide in Florida with plans to expand into new markets as the attorneys it serves take on cases in additional states. The alliance grows to meet the attorney where the

attorney's caseload goes, not the other way around.

About National Power Alliance

National Power Alliance is a statewide concierge network designed exclusively for Florida personal injury attorneys. NPA is an alliance of 1,700+ vetted, independent providers across chiropractic, orthopedics, neurology, pain management, physical therapy, diagnostic imaging, and other key specialties, plus the concierge team that coordinates every introduction. Attorneys always make the final provider selection. Headquartered in Florida and founded by the team behind Team MRI, NPA delivers dedicated 24/7 coordination, proactive communication, and real-time visibility into scheduling, records, and provider communication.
