

York Funding Highlights Wall Innovations as Preferred Custom Aluminum Window and Architectural Systems Manufacturer

Luxury Hamptons Residence Showcases Industry-Leading Design, Performance, and Craftsmanship

NEW YORK, NY, UNITED STATES, August 19, 2026 /EINPresswire.com/ -- [York Funding LLC](#) is pleased to highlight its valued client and preferred custom aluminum window and architectural systems manufacturer, Wall Innovations, for its exceptional contribution to a premier luxury residence in the Hamptons, New York.

The waterfront residence is one of many luxury residential homes now showcasing Wall Innovations' comprehensive suite of advanced aluminum and architectural solutions, demonstrating the company's commitment to innovation, architectural excellence, and high-performance building systems. Their design incorporates custom fixed glazing, Aeris minimal sliding doors, Versa windows, glass railings, custom wood cladding, and the Terrana Pergola system, creating a seamless blend of modern aesthetics, functionality, and energy efficiency.

The extensive use of expansive glazing and minimal frame systems maximizes natural light and provides unobstructed views, while strengthening the connection between indoor and outdoor living spaces. These integrated solutions enhance both the visual appeal and the long-term performance expected in today's luxury residential market.

Wall Innovations systems feature exterior elevations with expansive, custom glazing.

Minimal sliding door systems offer an elegant solution for expansive openings with sleek, subtle aluminum profiles.

"Projects such as this [Hamptons residence] demonstrate the level of craftsmanship, engineering, and attention to detail that Wall Innovations brings to every project," said [Kyp Bazenikas](#), President of Wall Innovations. "Our goal is to provide architects, developers, and homeowners with world-class products that combine performance, durability, and sophisticated design."

The "Terrana" series pergola combines cutting-edge design with exceptional performance, offering a perfect balance of style and functionality for luxury outdoor spaces.

York Funding, headed by co-founding partners Peter Aytug and Rhea Stathatos, has worked alongside numerous developers, builders, and property owners throughout the United States. It recognizes Wall Innovations as a trusted partner for luxury residential and commercial projects, many of which require custom aluminum window systems, curtain walls, sliding door systems, pergolas, and specialty architectural glazing solutions.

"Wall Innovations continues to set the standard for custom architectural aluminum systems," said Rhea Stathatos. "Their ability to deliver innovative, high-performance solutions makes them an invaluable resource for our clients seeking premium construction and design outcomes."

Featured Project Highlights

- Custom fixed glazing systems
- Aeris minimal sliding door systems
- Terrana Pergola architectural shading solution
- Versa high-performance windows
- Frameless glass railings
- Custom wood cladding integration
- Enhanced thermal and acoustic performance
- Seamless indoor-outdoor living design
