Frequently Asked Questions

Who should attend the London surrogacy consultations?

The consultations are ideal for LGBTQ+ couples, single intended parents, heterosexual couples experiencing infertility, and anyone considering international surrogacy in Mexico.

Why meet in person instead of virtually?

Meeting in person allows intended parents to discuss their questions privately, review their individual circumstances, and receive personalized guidance from Miracle's experienced team.

Are the consultations free?

Yes. Private consultations are offered at no cost, but advance registration is required because appointment availability is limited.

What topics will be covered?

Do I need to have embryos already created before attending a consultation?

No. Intended parents are welcome at any stage of their family-building journey. Miracle Surrogacy offers options for parents who already have embryos, those who plan to use their own eggs, and those who require an egg donor.

Can UK intended parents pursue a surrogacy journey in Mexico?

The company is also the largest, with more than 75 English-speaking staff members at offices in Cancun, Mexico; Mexico City, Mexico; and Mérida, Mexico.
