“Being named to the Inc. 5000 is an important milestone for Goflow, but what matters most is what that growth represents,” said Max Hauer, Founder and CEO of Goflow. “Serious ecommerce sellers are managing more channels, more inventory, more fulfillment complexity, and more systems than ever before. We’ve built Goflow to help them bring those operations together and stay in control as they scale. This recognition reflects the work of our team and the trust our customers place in us every day.”

This year's Inc. 5000 recognizes a new class of companies redefining what growth looks like.
