

Office Puzzle Named No. 384 on the 2026 Inc. 5000 List

Office Puzzle Recognized for 914% Three-Year Revenue Growth, Earning a Place Among the Nation's Most Successful Independent Businesses

MIAMI, FL, UNITED STATES, August 11, 2026 /EINPresswire.com/ -- [Office Puzzle](#) today announced

“

Being named to the Inc. 5000 means a lot to us, and what makes it even better is knowing we've grown by helping our customers grow.”

Hailu Jardines

it has been ranked No. 384 on the 2026 Inc. 5000 list, the annual list of the fastest-growing private companies in America. The list is the most prestigious ranking of the nation's most successful independent and entrepreneurial businesses, recognizing companies that have achieved remarkable growth while driving innovation, creating jobs, and shaping the future of the economy. Past honorees include companies such as Microsoft, Meta, Chobani, Oracle, and Patagonia.

"Being named to the Inc. 5000 means a lot to us, and what makes it even better is knowing we've grown by helping our customers grow," said Hailu Jardines, CEO of Office Puzzle. "We started as a small team solving a problem we saw firsthand in ABA practices, and we've accelerated right alongside the practices we serve. Every improvement we make to the platform is an investment in their success, too — that's the part of this milestone we're most proud of."

Office Puzzle was founded in 2018 to give ABA practices a simpler way to manage the day-to-day work of running a clinic. The all-in-one platform streamlines scheduling, documentation, billing, and payroll, and removes the administrative overhead that pulls staff away from care. What started as a solution built for a single ABA office has grown into a platform trusted by more than 800 practices and 30,000+ ABA professionals nationwide, managing over 7.3 million care sessions each year. That growth has shaped how the company builds its platform today: every new feature is designed with the goal of giving practices back time to focus on the clients they serve.

This year's Inc. 5000 recognizes a new class of companies redefining what growth looks like. From AI and advanced manufacturing to healthcare, consumer products, and professional services, these businesses are expanding their impact, creating jobs and proving that entrepreneurial ambition continues to fuel the U.S. economy. Among the 5,000 companies on the list, the median three-year revenue growth rate was 130%, and those companies have

collectively added more than 627,208 jobs to the U.S. economy over the past three years.

For the full Inc. 5000 list, honoree company profiles, and a searchable database by industry and location, please visit: www.inc.com/inc5000.

“Every company on the Inc. 5000 has a story of perseverance, smart decision making, and a refusal to sit still,” says Mike Hofman, editor-in-chief of Inc. “Their growth reflects more than strong financial performance—it reflects creativity, resilience, and the customer focus required to build companies that make a lasting impact. We congratulate all honorees on this significant achievement.”

About Office Puzzle

Office Puzzle is an [all-in-one ABA practice management platform](#) that connects scheduling, data collection, documentation, billing, and payroll in a single system to reduce administrative burden and errors so teams can focus on care. Built specifically for the needs of growing ABA practices, the platform is priced at a flat \$19.99 per user, per month, with no long-term contracts, and a [risk-free 30-day trial](#) that lets practices fully test the software. More than 800 practices and 30,000+ ABA staff members nationwide rely on Office Puzzle to manage over 7.3 million care sessions annually — giving BCBAs, RBTs, and administrators more time to spend on care and removing the headache of managing multiple systems.
