FORT LAUDERDALE, FL, UNITED STATES, August 11, 2026 /EINPresswire.com/ -- [Direct Relocation Services](#), a licensed direct interstate carrier headquartered in Fort Lauderdale, Florida, continues to maintain its Better Business Bureau A-rating and BBB Accreditation — one of the most recognized and trusted indicators of business integrity in the United States — for long distance moves originating in Florida and Georgia to destinations across all 48 contiguous states.

Direct Relocation Services maintains BBB A-rating and Accreditation for long distance moves from Florida and Georgia

The BBB A-rating reflects Direct Relocation Services' consistent professionalism, transparent pricing practices, and responsive resolution of customer concerns across more than 11 years of continuous operation. BBB Accreditation is not automatic — it requires a business to meet strict standards of trust, transparency, and ethical business practices as defined by the Better Business Bureau.

What BBB Accreditation Means for Moving Customers

The moving industry is one of the most complaint-prone service industries in the United States. The Better Business Bureau receives thousands of complaints against moving companies every year — the vast majority involving brokers, bait-and-switch pricing, and companies that disappear after collecting a deposit.

A BBB A-rating in the moving industry is a meaningful distinction. It signals that a company has a documented history of professional business practices, responds to customer concerns, and operates with the transparency and accountability that the Better Business Bureau requires of

Our BBB A-rating was not earned overnight. It was earned one honest move at a time over 11 years — and we intend to keep it that way."

its accredited members.

Direct Relocation Services has maintained its BBB A-rating and Accreditation throughout its 11-year operating history — a track record that reflects a genuine and consistent commitment to customer satisfaction rather than a one-time achievement.

A Licensed Direct Carrier — Not a Broker

The BBB A-rating of Direct Relocation Services carries additional significance because of the company's status as a licensed direct CARRIER operating under USDOT #3000931 with Broker Authority: NONE.

This distinction matters because brokers — companies that collect deposits and sell moves to third party carriers — are responsible for the overwhelming majority of moving industry complaints received by both the BBB and the Federal Motor Carrier Safety Administration each year.

When customers interact with Direct Relocation Services they are dealing with the actual company that will pick up their belongings, transport them, and deliver them. There is no broker middleman. There is no unknown third party carrier. The company that earns the BBB A-rating is the same company that shows up at the customer's door on moving day.

Consumers can verify Direct Relocation Services carrier status at motus.dot.gov by searching USDOT #3000931. Entity Type: CARRIER. Broker Authority: NONE. Operating Authority: ACTIVE.
