

SPiCE International 2026 Heads to Phnom Penh, Bringing Industry Focus to Cambodia's Next Chapter

CAMBODIA , CAMBODIA, August 12, 2026 /EINPresswire.com/ -- Eventus International is pleased to announce that the 3rd Annual SPiCE International 2026 will take place on 5 – 6 November 2026 in Phnom Penh, Cambodia.

This year's edition arrives at a significant moment for Cambodia's gaming sector. As the market moves through a period of heightened regulatory focus and renewed attention on sustainability, legitimacy and investor confidence, the conversation is shifting from access to opportunity towards building a market that is credible, transparent and investment-ready for the long term.

SPiCE International 2026 will provide a timely platform for that conversation, bringing together regulators, operators, investors, suppliers and industry stakeholders for two days of high-level dialogue, exhibition and networking. Topics will span regulatory strengthening, compliance and governance, market entry, investment opportunity, operational best practice, technology and innovation, and the role of trusted partnerships in building a more resilient sector.

With a stronger emphasis on exhibition and commercial engagement this year, the event is designed to create space not only for insight-led discussion but for meaningful business connections and product showcases.

Tim Shepherd (Fortuna Investments) put it plainly:

"The conversation around Cambodia's gaming sector has shifted considerably. It is no longer simply about access to opportunity but about building something sustainable and credible for the long term. SPiCE International 2026 brings together the stakeholders best placed to do exactly that, and Phnom Penh in November is where we intend to be."

A view shared by Tim Nguyen (Fortuna Investments):

"Cambodia is a market to watch closely, and the timing of SPiCE International 2026 could not be better. The sector is at a genuine turning point and this is exactly the kind of platform the industry needs to engage with that seriously."

Danny Too (MediaPro), who will be in attendance, stated:

"Cambodia has the industry's attention right now, and for good reason. SPiCE International 2026 is the right place to understand what that means in practice."

For those serious about the sector's long-term potential, a more governed market is a more compelling one. The industry's most credible voices will be in Phnom Penh in November to discuss the market's potential and the standards required to realise it.
