

Entrinsik Enrole Earns Ellucian SaaS Verified Status for Banner

New verification completes Entrinsik's validated SaaS integration coverage for Informer and Enrole across supported Ellucian platforms

RALEIGH, NC, UNITED STATES, August 12, 2026 /EINPresswire.com/ --

[Entrinsik](#), a leader in business intelligence and enrollment

management solutions, today announced that Enrole has earned Ellucian SaaS Verified status for its integration with Ellucian Banner. The new verification expands Enrole's previously validated integration with Ellucian Colleague and marks the completion of Entrinsik's SaaS Verified coverage for its Informer and Enrole solutions across the Ellucian platforms each supports.

“

With Enrole now Ellucian SaaS Verified for Banner, institutions have validated integration options across the Ellucian environments supported by our solutions”
Brad Leupen, CEO of Entrinsik

With the latest verification, Enrole now holds Ellucian SaaS Verified status for both Banner and Colleague, the platforms powering Ellucian Student. Informer is SaaS Verified for Banner, Colleague and Ellucian Insights. Together, these validations give higher education institutions using Entrinsik solutions clear assurance that the integrations have been tested against Ellucian's core functional and performance requirements for cloud

environments.

For institutions using Banner, the verified integration enables Enrole to securely update Banner with student demographic data and enrollment information. This connectivity can reduce manual data handling, improve consistency across systems and help continuing education, workforce development and lifelong learning teams manage the path from registration through enrollment more efficiently. It also helps institutions extend the value of a core system they already trust while modernizing non-credit enrollment operations.

“With Enrole now Ellucian SaaS Verified for Banner, institutions have validated integration options across the Ellucian environments supported by our solutions,” said Brad Leupen, CEO of

Entrinsik Enrole Earns Ellucian SaaS Verified Status for Banner

Entrinsik. “This milestone reflects sustained work by our team and gives Ellucian customers added confidence that Entrinsik’s solutions are secure, reliable and ready to support their cloud strategies.”

To earn the badge, Enrole completed Ellucian’s validation process, including a comprehensive application, review through Ellucian’s integration framework, and functional and performance testing of its SaaS connectivity against core Ellucian standards. Ellucian awards Verified for SaaS Solution status to partner integrations that successfully complete these requirements. Verified solutions are identified in the Ellucian Partner Catalog and participate in ongoing quality assurance to help ensure their integrations continue to perform as validated.

“Reliable data flow between Enrole and Banner directly supports the student experience,” said Madhavi W. Chandra, chief product & strategy officer at Entrinsik. “When institutions can move enrollment data securely between systems without technical workarounds, their teams can spend more time helping learners move from interest to registration and enrollment. For the Banner community, this verification expands what we can deliver while supporting a more connected experience for institutions and learners.”

The new Enrole for Banner verification builds on Entrinsik’s June 2025 SaaS Verified milestones for Informer and Enrole. It also follows Entrinsik’s selection as the 2026 Ellucian Partner Award winner for Innovation Excellence, recognizing the company’s work to advance governed artificial intelligence and the student experience across the Ellucian ecosystem.

Enrole is Entrinsik’s online registration and ecommerce platform for continuing education, workforce development and lifelong learning programs. The platform helps institutions manage non-credit courses, streamline enrollment and payment processing, and improve the learner experience.

###

About Entrinsik

Entrinsik develops innovative software solutions that help organizations harness data and streamline operations. For more than 40 years, Entrinsik has been a leader in business intelligence, analytics, and data management. Informer, its flagship BI platform, enables self-service data discovery, visualization, and reporting within a secure, SOC 2–compliant framework. Enrole, Entrinsik’s online registration and ecommerce platform, is purpose-built for continuing education, workforce development, and lifelong learning programs, helping institutions manage non-credit courses, streamline enrollment and payment processing, and enhance the learner experience. Headquartered in Raleigh, NC, Entrinsik serves thousands of clients across industries, including higher education, manufacturing, healthcare, insurance, and financial services.
