

# Woman-Owned Palmdale Supplier Wins Multi-Year Los Angeles County Master Agreement

*Cosmic Reliable Services, LLC, a woman-owned industrial and construction supply company, has secured a three-year master agreement with Los Angeles County*

PALMDALE, CA, UNITED STATES, August 13, 2026 /EINPresswire.com/ -- Cosmic Reliable Services, LLC, a woman-owned industrial and construction supply company, has secured a three-year master agreement with Los Angeles County Public Works to supply paint and paint supplies. The agreement carries a two-year extension option, putting five years of potential coverage behind a single award.

The company has supplied paint and industrial materials for five years, and has worked with multiple Los Angeles County departments for the past four. Its county customers include the Flood Control District, the Facilities Management Section, and Road Maintenance. What started as paint has grown into steel, welding supplies, air conditioning supplies, safety supplies, and hardware down to nuts and bolts.

In April 2026, Cosmic Reliable earned certification from the U.S. Small Business Administration (SBA) as a Woman-Owned Small Business (WOSB). [FEDCON](#) supported that application through underwriting, and rebuilt the company's federal footprint alongside it: an active SAM registration, corrected NAICS and PSC codes, and a complete SBA Small Business Search profile with a capability statement attached. Contracting officers and prime contractors search those systems by product. Before the work, Cosmic Reliable was hard to find in them.

"FEDCON gave me the confidence to start bidding, whether I win or lose," said Rhonda Burr, owner of Cosmic Reliable Services.

The certification opens a second track alongside the county work. Woman-Owned Small Business status qualifies Cosmic Reliable for federal set-aside contracts and makes the company a candidate for subcontracting roles on prime contracts carrying small-business goals.

"Most business owners think government contracting means chasing a giant federal award," said Brad Egbert, founder and CEO of FEDCON. "Your own county buys what you already sell, usually from somebody. Rhonda found the door that was already open to her, and then she did the work to walk through it. That is a repeatable path, and it is a lot shorter than people assume."

Cosmic Reliable Services works with FEDCON advisor John Graham on opportunity research, buyer outreach, and bid support.
