

HNL Lab Medicine Supports South Mountain Middle School with Back-to-School Food and Supply Drive

HNL Lab Medicine employees donate school supplies and food to benefit South Mountain Middle School students and families.

ALLENTOWN, PA, UNITED STATES, August 12, 2026 /EINPresswire.com/ -- [HNL Lab Medicine](#) employees demonstrated their generosity and community spirit through a back-to-school supply and food drive benefiting students and families at South Mountain Middle School, a community school partnered through United Way of the Lehigh Valley.

As part of HNL Lab Medicine's ongoing commitment to supporting the communities it serves, employees across the organization came together to donate essential school supplies and nonperishable food items to help students and families at South Mountain Middle School start the school year prepared for success.

Through the generosity of HNL Lab Medicine team members, the donations included a variety of classroom essentials such as pencils, highlighters, markers, colored pencils, crayons, pens, rulers, scissors, glue sticks, calculators, whiteboards, and other educational supplies, along with food items such as peanut butter, applesauce, and other pantry staples. These contributions will assist students, teachers, and families by providing essential tools and resources that support learning, creativity, classroom success, and overall well-being throughout the year.

Community support and meaningful partnerships remain a key focus for HNL Lab Medicine. Through its partnership with United Way of the Lehigh Valley, HNL Lab Medicine connects with local schools and organizations to create opportunities that positively impact students, families, and neighborhoods across the region.

"At HNL Lab Medicine, we believe that strong communities begin with supporting one another," said Jessica Bargilione, Chief Marketing Officer at HNL Lab Medicine. "We are proud of our

Your support helps us start the school year strong and ensure students and families have the resources they need. These items will make an impact and are greatly appreciated by our school community."

Natalie Miller, South Mountain Middle School Community School Coordinator

employees who came together to provide critical resources for South Mountain Middle School students and families. Throughout partnerships like this, we can continue making a meaningful impact in the communities we serve."

After several HNL Lab Medicine team members delivered donated supplies to South Mountain Middle School, Community School Coordinator Natalie Miller shared her appreciation for the partnership.

"Your support is a wonderful way to help us start off the school year strong and ensure our students and families have access to the resources they need. These items will make a meaningful impact and are greatly appreciated by our entire school community." Natalie Miller, South

Mountain Middle School Community School Coordinator

HNL Lab Medicine remains dedicated to supporting South Mountain Middle School through continued engagement, partnership, and community focused initiatives. By working together with local organizations and schools, HNL Lab Medicine strives to help build stronger, healthier communities across the Lehigh Valley.
