

Humanity's Team Earns Charity Navigator's Highest Four-Star Rating for Excellence in Accountability and Impact

BOULDER, CO, UNITED STATES, August 12, 2026 /EINPresswire.com/ --

Humanity's Team is honored to announce that it has earned Charity Navigator's prestigious Four-Star Rating, the organization's highest distinction for nonprofit excellence. This recognition reflects Humanity's Team's strong financial stewardship, accountability, transparency, and measurable impact, giving donors confidence that their contributions are being used effectively to advance meaningful global change.

Charity Navigator is the nation's largest independent evaluator of nonprofits, assessing more than 240,000 charitable organizations. Its Four-Star Rating is awarded to organizations that demonstrate exceptional performance across four key areas: Leadership & Planning, Accountability & Finance, Culture & Community, and Impact & Measurement.

For Humanity's Team, this recognition affirms far more than financial responsibility, it reflects a deep commitment to stewarding every contribution with integrity while expanding a worldwide movement dedicated to conscious living.

"Receiving Charity Navigator's Four-Star Rating is both an honor and a reflection of the extraordinary community that makes our work possible," said Steve Farrell, Co-Founder and Executive Worldwide Director of Humanity's Team. "Every donation entrusted to Humanity's Team represents someone's hope for a more compassionate, conscious, and thriving world. We take that responsibility very seriously."

World held in hands beautiful blue, yellow and white.

Farrell continued:

"This recognition assures our supporters that their generosity is being managed with excellence and directed toward creating meaningful, measurable impact. Together, we are helping people awaken to our shared interconnectedness, discover their highest potential, and become powerful agents of positive change in their families, communities, and throughout the world."

For more than 23 years, Humanity's Team has served as a global nonprofit dedicated to making conscious living pervasive worldwide. Through transformative educational programs, online summits, Humanity Stream+, live events, and community initiatives, the organization inspires individuals to recognize the unity of all life and to live with greater compassion, purpose, and service.

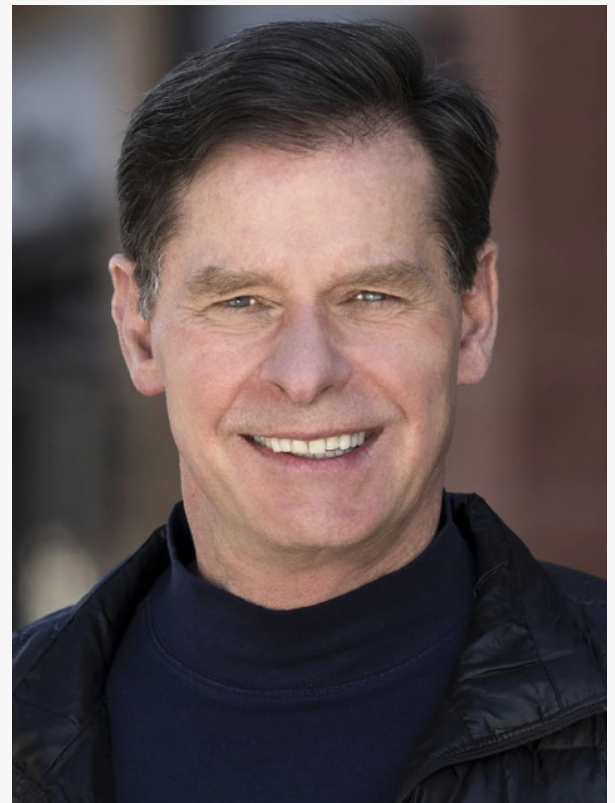

A cornerstone of that mission is Humanity's Team's extraordinary worldwide volunteer leadership network. Today, 68 Volunteer Country Coordinators across six continents freely contribute their time, talents, and leadership to bring conscious living to their local communities. These dedicated volunteers organize events, foster partnerships, support educational initiatives, and create opportunities for people to experience the understanding that we are all interconnected and part of one human family.

Together, this growing global network helps Humanity's Team extend its reach far beyond what a nonprofit of its size could accomplish alone, demonstrating the power of service, collaboration, and shared purpose to create lasting positive change around the world.

This Four-Star Rating provides donors with additional confidence that Humanity's Team is fulfilling its mission with excellence, transparency, and responsible stewardship while empowering a global movement of volunteers who are helping shape a more conscious and compassionate future.

Humanity's Team Receives Charity Navigator 4 Star Review

Steve Farrell Worldwide Executive Director and Co-Founder of Humanity's Team

About Humanity's Team

Humanity's Team Worldwide is a global 501(c)(3) nonprofit organization co-founded by Neale Donald Walsch and Steve Farrell in 2003. Dedicated to awakening humanity to the truth of our essential Oneness—with each other, with all forms of life, and with the living Earth—Humanity's Team inspires people to live more consciously through transformational education, global online summits, Humanity Stream+, live events, and collaborative partnerships.

Today, the organization is supported by 68 Volunteer Country Coordinators across six continents, working alongside thousands of volunteers and supporters to translate the principle of Oneness into meaningful action within their local communities.

Humanity's Team's mission is to make conscious living pervasive worldwide by 2040, creating a future where all people—and the Earth itself—can flourish together.

Vision

Humanity's Team is accelerating the shift. Together, we're making conscious living pervasive worldwide so all people—and the Earth itself—can thrive.
