

# \$200,000 Beats \$13M: Form5472.online Dashboard Outscores Doola and Firstbase

*Form5472.online's \$200K AI-built dashboard scores 9.6/10 vs Doola's 6.3 and Firstbase's 6.2 across 9 founder-critical categories.*

BROOKLYN, NY, UNITED STATES, August 13, 2026 /EINPresswire.com/ -- Form5472.online today announced the launch of its new client dashboard — a secure, cloud-based platform for non-U.S. residents forming and managing U.S. LLCs and corporations. Developed for approximately \$200,000 using AI agent development tools and two decades of CPA expertise, the dashboard outscores Doola — which raised \$13M from Y Combinator, HubSpot Ventures, and Nexus Venture Partners — on 7 of 9 founder-critical categories, scoring 9.6 out of 10 vs Doola's 6.3 and Firstbase's 6.2.

The LaunchUSA portal provides international entrepreneurs with an all-in-one hub for U.S. business formation, banking setup, and CPA-backed IRS compliance.

"Doola raised \$13M and still delivers an unnamed tax team, no Zero-Penalty Guarantee, and a \$1,999 annual compliance fee," said Arik Rozen, CPA, MBA. "We built a better product for \$200,000 — because 20 years of CPA expertise combined with AI development tools is worth more than venture capital."
