

RevolutionParts Named to 2026 Inc. 5000 for 10th Consecutive Year

Automotive parts eCommerce company marks a decade of sustained growth with No. 3,624 ranking

PHOENIX, AZ, UNITED STATES, August 14, 2026 /EINPresswire.com/ -- [RevolutionParts](#) has been named to the 2026 Inc. 5000 list of the fastest-growing private companies in America, earning the No. 3,624 spot. This marks the company's 10th consecutive year on the Inc. 5000, a decade-long run of sustained growth.

RevolutionParts first appeared on the Inc. 5000 in 2017, at the beginning of a decade that would fundamentally change how automotive parts are bought and sold. As more parts shoppers moved online, dealerships, OEMs, distributors, and manufacturers had to rethink how they reach customers and compete beyond their local markets. RevolutionParts has powered that shift, building the technology and network that help automotive businesses turn online parts sales into a meaningful and profitable growth channel.

"Ten consecutive years on the Inc. 5000 is a milestone I'm very proud of," said Ibrahim Mesbah, CEO and Co-Founder of RevolutionParts. "We have a team that keeps raising the bar and customers who trust us to help grow their businesses. The way parts are bought, sold, and fulfilled has changed dramatically over the last decade, and we're more excited than ever about the opportunity ahead."

Today, RevolutionParts provides an AI-powered eCommerce platform that brings together the technology, data, marketing, and fulfillment automotive businesses need to grow online parts sales. Since its founding, more than \$5 billion in parts and accessories have been sold through the RevolutionParts platform.

RevolutionParts has also expanded beyond eCommerce with the RP Wholesale Network,

bringing dealers, distributors, and manufacturers together to access more inventory, improve fulfillment, and create new opportunities to buy and sell parts across North America.

"Growth for us has always been connected to growth for our customers," Mesbah added. "There is still an enormous amount of parts demand being won online every day. Our job is to make sure automotive businesses have a better way to capture it, fulfill it, and keep the customer."

The Inc. 5000 recognizes the fastest-growing private companies in America based on revenue growth. RevolutionParts' 2026 recognition follows nine consecutive appearances from 2017 through 2025.
