

Life Care Concierge of South Florida Expands with New West Palm Beach Office, Northern Miami-Dade Coverage

The nurse-led care management practice expands its Palm Beach County presence and grows dedicated clinical coverage in Aventura and northern Miami-Dade.

LIFE CARE CONCIERGE
OF SOUTH FLORIDA

Life Care Concierge of South Florida

BOCA RATON, FL, FL, UNITED STATES,
August 17, 2026 /EINPresswire.com/ --
[Life Care Concierge of South Florida](#), a

nurse-led concierge care management practice serving individuals and families with complex and evolving care needs, today announced the opening of its second office in West Palm Beach and expanded its clinical coverage in northern Miami-Dade County, including Aventura and surrounding communities.

Our focus as we grow is to preserve what matters most to our clients: personalized clinical oversight, continuity, responsiveness, and a deep understanding of the individuals and families we serve."

Jill Poser

The West Palm Beach office strengthens the practice's presence in Palm Beach County, where most of its clients reside and demand for high-touch, clinically sophisticated care management continues to grow. The practice has expanded its clinical team in response to this demand, including additional Nurse Care Managers and continued growth in referrals from concierge physicians and other professional partners.

"Opening our West Palm Beach office reflects the continued growth of our practice and our commitment to

Palm Beach County," said Jill Poser, Founder and Principal of Life Care Concierge of South Florida. "Our focus as we grow is to preserve what matters most to our clients: personalized clinical oversight, continuity, responsiveness, and a deep understanding of the individuals and families we serve."

The practice is also strengthening its services in northern Miami-Dade County. A dedicated Nurse Care Manager currently serves families in Aventura and surrounding communities, with an additional Nurse Care Manager joining the team to expand capacity and provide dedicated

emergency coverage.

“Our expansion in northern Miami-Dade reflects the needs of families who want a trusted clinical partner close to home,” said Poser. “Having dedicated Nurse Care Managers in the area allows us to provide the level of responsiveness and continuity that complex care requires.”

Life Care Concierge of South Florida provides nurse-led care management across the continuum of aging, including comprehensive assessment and evidence-based care planning, clinical oversight, care transitions, dementia support, private duty home care coordination, therapeutic recreation, and concierge services.

Many of the families served by the practice choose to age in place. Nurse Care Managers create and oversee comprehensive care ecosystems that integrate physicians, specialists, caregivers, family members, and other professionals, providing clinical direction as needs evolve.

With offices in Boca Raton and West Palm Beach and dedicated Nurse Care Manager coverage throughout Palm Beach County and northern Miami-Dade County, Life Care Concierge of South Florida continues to expand its ability to provide sophisticated, locally responsive care management throughout South Florida.
