

KPG Healthcare Partners with Staffing Referrals to Launch Enhanced Healthcare Referral Program

KPG Healthcare and Staffing Referrals launch a healthcare referral program connecting qualified clinicians with new opportunities and referral bonuses.

SCOTTSDALE, AZ, UNITED STATES, August 14, 2026 /EINPresswire.com/ -- KPG Healthcare, a trusted nationwide leader in healthcare staffing solutions, is proud to announce a new partnership with [Staffing Referrals](#) to launch an enhanced [healthcare referral program](#) that rewards individuals for

helping connect qualified clinicians with rewarding career opportunities across the country.

For more than a decade, KPG Healthcare has built its reputation on connecting exceptional healthcare professionals with hospitals, healthcare systems, and medical facilities nationwide. As demand for qualified clinicians continues to grow, trusted referrals remain one of the most effective ways to identify experienced professionals while strengthening the healthcare workforce.

“

Healthcare staffing has always run on relationships, and the data is starting to prove it the hard way.”

David Folwell, Staffing Referrals

Through its partnership with Staffing Referrals, KPG Healthcare is investing in a referral-driven hiring strategy that empowers healthcare professionals to leverage their personal and professional networks to help colleagues discover new travel and contract opportunities. The program offers eligible participants the opportunity to earn referral bonuses of up to \$1,000 while supporting peers as they take the next step in their healthcare careers.

Healthcare professionals often have firsthand knowledge of the skills, experience, and dedication of the colleagues they work alongside. By rewarding those trusted recommendations,

KPG Healthcare is creating an opportunity for clinicians to expand their professional networks, support fellow healthcare workers, and help healthcare facilities gain access to exceptional talent more efficiently.

The partnership also enhances the referral experience through Staffing Referrals' technology platform, which streamlines referral submissions and tracking while allowing KPG

Healthcare's experienced recruiting team to guide candidates through every step of the hiring process. By activating trusted relationships instead of relying solely on traditional recruiting channels, KPG Healthcare can continue delivering high-quality clinicians to healthcare organizations across the nation.

StaffingReferrals

Staffing Referrals

"Healthcare staffing has always run on relationships, and the data is starting to prove it the hard way. Reply rates are falling, and it isn't a messaging problem. Clinicians get forty texts a week that all sound the same," said David Folwell of Staffing Referrals. "The one that gets answered comes from someone they know. KPG is building around that instead of fighting it."

Program Highlights

Referral Rewards: Eligible participants can earn referral bonuses for successful placements.

Mutual Benefits: In many cases, both the person making the referral and the referred healthcare professional may be eligible for rewards.

Unlimited Referrals: There is no limit to the number of eligible referrals participants can submit.

Support Your Network: Help friends and colleagues discover rewarding travel and contract healthcare opportunities through KPG Healthcare.

Simple Process: Submit a referral online, and KPG Healthcare's recruiting team handles the hiring process from there.

Participating in the program is simple. Individuals submit a referral through KPG Healthcare's online referral portal, and KPG's recruiting specialists manage every step of the recruitment process. Once a referred healthcare professional successfully completes a qualifying assignment, eligible participants may receive a referral bonus in accordance with the program guidelines.

This partnership reflects KPG Healthcare's ongoing commitment to investing in innovative recruiting strategies that strengthen relationships throughout the healthcare community. By

leveraging trusted professional networks alongside modern referral technology, KPG Healthcare continues to connect exceptional clinicians with healthcare organizations while rewarding those who help grow its nationwide talent community.

Healthcare professionals interested in learning more about the referral program or submitting a referral can visit www.kpghealthcare.com/refer-a-friend.

About KPG Healthcare

For more than a decade, KPG Healthcare has been a trusted nationwide healthcare staffing partner, delivering travel nursing, allied health, physician, advanced practice, and healthcare staffing solutions to hospitals and medical facilities across the United States. KPG Healthcare is committed to connecting exceptional clinicians with meaningful career opportunities while providing healthcare organizations with dependable, high-quality staffing solutions.

About Staffing Referrals

Staffing Referrals is a referral automation platform built specifically for the staffing industry. Designed to integrate with existing applicant tracking systems, the platform helps staffing organizations activate their existing talent networks by streamlining referral promotion, submission, tracking, and management. By empowering recruiters and staffing firms to leverage trusted professional relationships, Staffing Referrals supports more efficient hiring while creating a seamless referral experience for recruiters, candidates, and referral partners alike.
