

Murray Resources Named to Inc. 5000 List for the Seventh Time

Houston-based recruiting and staffing firm joins elite group of seven-time winners and solidifies its place on the Inc. 5000 Honor Roll.

HOUSTON, TX, UNITED STATES, August 14, 2026 /EINPresswire.com/ -- Murray Resources, a leading national recruiting and staffing firm headquartered in Houston, has been named to the 2026 Inc. 5000 list of America's fastest-growing private companies.

“

Earning a spot on the Inc. 5000 for the seventh time is a testament to our incredible team and the valued clients and candidates who place their trust in us every day.”

Marsha Murray, founder and president of Murray Resources

This marks the seventh time Murray Resources has earned a spot on the prestigious national ranking, following previous appearances in 2013, 2015, 2016, 2017, 2018, and 2019, as well as back-to-back placements on the Inc. Regionals Southwest list in 2025 and 2026. Murray Resources joins an elite group of repeat honorees - fewer than 1% of all recognized companies have made the national list seven times.

The achievement also solidifies the firm's standing on the Inc. 5000 Honor Roll, reserved exclusively for organizations that have demonstrated exceptional, sustained long-term growth by earning five or more national list appearances.

“Making the Inc. 5000 list for the seventh time is just as meaningful today as it was when we first qualified 13 years ago,” said Marsha Murray, Founder and President of Murray Resources. “It is a reflection of the trust our clients and candidates place in us every day, and it belongs entirely to our remarkable team who earned it through their relentless commitment to service. We are proud to celebrate alongside every company recognized on the 2026 Inc. 5000 list.”

The company's continued growth reflects its ability to navigate dynamic workforce demands while expanding its reach nationwide. Serving organizations ranging from emerging businesses to Fortune 500 enterprises, Murray Resources provides comprehensive talent solutions across its Professional, Technical, and Light Industrial divisions - including executive search, direct hire, contract staffing, [temporary staffing](#), temp-to-hire, and payroll administration.

As employers navigate complex hiring challenges - including tight talent pools, technological integration, and shifting workforce dynamics - Murray Resources differentiates itself through a high-touch, consultative partnership model. The firm pairs modern search tools with deep industry expertise to ensure long-term cultural and skill alignment.

"While recruiting technology has evolved dramatically over the years, the foundation of how we partner with companies has not," said Keith Wolf, Managing Partner of Murray Resources. "For nearly four decades, our approach has centered on deep listening, rigorous evaluation, and long-term relationships. Earning a spot on the Inc. 5000 for the seventh time validates the power of consistency and disciplined execution, and it motivates us to keep raising the bar for the organizations we serve."

Through its specialized divisions, Murray Resources serves as a single-source talent partner for leading companies across a broad range of industries, including energy, manufacturing, technology, logistics, and corporate services. The firm places mission-critical talent across executive leadership, engineering, accounting and finance, operations, human resources, business development, skilled trades, and light industrial roles - ensuring organizations secure the specialized expertise needed to win in the most competitive markets.

About Murray Resources

Founded in 1988, Murray Resources is consistently recognized as one of Houston's top recruiting and staffing firms. The firm delivers flexible talent solutions - including executive search, direct-hire placement, contract staffing, temp-to-hire, and payroll services - across professional, technical, and light industrial sectors. Over nearly four decades, Murray Resources has helped thousands of companies secure top talent while empowering candidates to achieve their career potential.
