

Mygo Consulting Named to the 2026 Inc. 5000 List of America's Fastest-Growing Private Companies

Recognition Highlights Sustained Growth, Client Success, and Leadership in SAP and Digital Transformation

NAPERVILLE, IL, UNITED STATES, August 14, 2026 /EINPresswire.com/ -- [Mygo Consulting Inc.](#), a

“

Being named to the Inc. 5000 validates the dedication of our employees, the confidence of our clients, and the strength of the relationships we've built over the years.”

Seshu Maramreddy

leading SAP consulting and digital transformation firm, is proud to announce its inclusion in the 2026 Inc. 5000, the prestigious annual ranking of the fastest-growing private companies in America.

The Inc. 5000 list recognizes the nation's most successful independent businesses and celebrates companies that have demonstrated exceptional revenue growth, innovation, and resilience in a competitive marketplace. Earning a place on the 2026 list reflects Mygo Consulting's continued expansion, strong client partnerships, and

commitment to delivering transformative business outcomes through SAP, supply chain, data, cloud, and enterprise technology solutions.

"This recognition belongs to every member of the Mygo family," said Seshu Maramreddy, Founder and CEO of Mygo Consulting Inc. "Since the day we started Mygo, our mission has been to help organizations transform and grow through innovation, expertise, and trusted partnerships. Being named to the Inc. 5000 validates the dedication of our employees, the confidence of our clients, and the strength of the relationships we've built over the years." Founded in 2012, Mygo Consulting has grown from a specialized SAP consulting firm into a global organization serving clients across multiple industries and geographies. The company provides a comprehensive portfolio of SAP services, including S/4HANA transformations, SAP Business Technology Platform (BTP) solutions, application management services, supply chain optimization, digital innovation initiatives, and emerging AI-driven business solutions. The company's growth has been fueled by a customer-centric approach and a commitment to delivering measurable business value. By combining deep SAP expertise with industry knowledge and global delivery capabilities, Mygo has helped organizations accelerate

transformation, modernize operations, improve supply chain resilience, and adopt innovative technologies that drive sustainable growth.

"Our success has always been directly connected to the success of our clients," added Maramreddy. "Every business challenge solved, every transformation enabled, and every lasting partnership established has contributed to this achievement. While we are honored to celebrate this milestone, we remain focused on the future and on helping our clients navigate their next phase of growth and innovation."

Today, Mygo operates across six countries and supports organizations ranging from Fortune 500 enterprises to mid-market companies and public sector institutions. The company continues to invest in advanced technologies, including artificial intelligence, automation, cloud innovation, and data-driven business transformation solutions designed to help clients maximize the value of their SAP investments.

The 2026 Inc. 5000 recognition marks a significant milestone in Mygo's growth journey and reinforces the company's position as one of the fastest-growing and most trusted SAP consulting firms in North America.

"The best is yet to come," said Maramreddy. "We are excited about the opportunities ahead and grateful to everyone who has contributed to making this achievement possible."

About Mygo Consulting Inc.

Founded in 2012 and headquartered in Naperville, Illinois, Mygo Consulting Inc. is a leading SAP consulting and professional services firm delivering enterprise transformation across the United States, India, Canada, Mexico, Germany, and the Middle East. The company provides a full spectrum of SAP services, including S/4HANA implementations, SAP Application Management Services (AMS), SAP Business Technology Platform (BTP) development, supply chain consulting, and strategic advisory services.

As an SAP Partner, SAP PE Sell and CCFlex (SAP PartnerEdge Cloud Choice Flex) partner, Mygo helps organizations accelerate innovation, modernize operations, and maximize business value through technology transformation. With a global team of more than 500 consultants, Mygo serves Fortune 500 enterprises, mid-market organizations, and public sector clients worldwide.

The company is also expanding its investment in enterprise AI solutions that help organizations unlock greater value from their business data and SAP landscapes.

Mygo's AI portfolio brings automation to five core SAP workflows — from document generation to payables, inbound processing, production scheduling, and maintenance. MyFormsAI decouples SAP output logic onto SAP BTP, generating labels, SSCC-18 barcodes, and financial documents in minutes instead of weeks-long ABAP transport cycles. MyPayablesAI automates the accounts payable lifecycle — AI-based invoice extraction, PO/GR matching, and direct SAP posting — cutting processing from days to hours. MyDocSyncAI automates inbox-to-SAP handling of customer POs and supplier invoices, closing reconciliation gaps and reducing compliance risk. MyProdAI optimizes SAP production scheduling, running feasibility checks and minimizing changeover penalties for executable plant schedules. MyMaintAI applies AI to SAP Plant Maintenance data to spot failure patterns and recommend preventive action, shifting maintenance from reactive to predictive.
