

TTi Logistics Expands St. Louis Operations with Second Warehouse Facility

New 110,000-square-foot Earth City facility expands TTi Logistics' St. Louis warehousing, cross-docking, and distribution capabilities.

ST. LOUIS, MO, UNITED STATES, August 14, 2026 /EINPresswire.com/ -- [TTi Logistics](#), a leading provider of transportation, [warehousing](#), and specialized logistics solutions, today announced the expansion of its St. Louis operations with the addition of a new 110,000-square-foot warehouse in Earth City, Missouri.

The new facility marks TTi's second warehouse location in the St. Louis area, significantly increasing regional capacity and strengthening the company's Midwest presence and investment in one of the nation's most strategic freight and distribution markets. Located within the Earth City Trade Center, the facility features 15 dock doors, secure warehouse space, and a high-efficiency cross-dock layout designed to support faster freight movement, inventory management, and time-sensitive distribution throughout the Midwest and across North America.

The expanded footprint provides customers with greater capacity and flexibility for regional distribution, cross-docking, short- and long-term warehousing, project staging, inventory management, and nationwide transportation.

"Our customers rely on us to execute complex logistics projects with precision, flexibility, and speed," said Nick Hannigan, Chief Executive Officer of TTi Logistics. "Adding this second warehouse facility in the St. Louis market allows us to increase our operational capacity while continuing to provide the high level of service and responsiveness our customers expect. It's another important investment in our infrastructure as we continue to grow alongside our

TTi Logistics' new 110,000-square-foot warehouse in Earth City, Missouri, expands the company's St. Louis-area warehousing, cross-docking, and distribution capacity.

customers.”

The facility supports industries including retail, hospitality, healthcare, commercial fixtures, and manufacturing, particularly for projects requiring secure storage, staged deliveries, coordinated installations, and dependable final-mile execution. The additional capacity also strengthens TTI’s ability to support retail rollouts, hotel renovations, [white glove delivery](#) programs, and other specialized logistics projects requiring nationwide coordination.

About TTI Logistics:

TTi Logistics is a leading transportation and logistics provider specializing in retail rollouts, white glove delivery, warehousing, final-mile logistics, project management, transportation, and customized supply chain solutions throughout North America. Backed by more than 30 years of experience and a nationwide network of transportation and warehousing resources, TTI helps businesses simplify complex logistics and keep projects moving from warehouse to final installation. %
