

Martin Lee Royle Releases Two-Part Spiritual Duology Exploring the Divine Rise of Sacred Polarity

A companion pair of books inviting readers to reclaim the shadow, the sacred, and the whole of who they are.

NEW CITY, NY, UNITED STATES, August 14, 2026 /EINPresswire.com/ -- Author Martin Lee Royle has released a striking two-book set, *Dark Masculine: The Divine Rise of Dark Masculine* and *Dark Feminine: The Divine Rise of Dark Feminine*, now available from Publish With Kaylee. Written as companion volumes, the books guide readers through the reclamation of two often-misunderstood energies: the disciplined, protective fire of the dark masculine, and the intuitive, magnetic depth of the dark feminine.

Rather than treating "dark" as something to fear or suppress, Royle reframes it as sacred and necessary, the shadow work, boundaries, and inner authority that allow both men and women to rise into their fullest, most integrated selves. Together, the two books form a complete conversation about polarity, wholeness, and spiritual maturity.

"We've spent so long being taught to fear our own depth. These books are an invitation to walk back into it, not to become harder or colder, but to finally become whole."

— Martin Lee Royle, author of *Dark Masculine* and *Dark Feminine*

About the Author:

Martin Lee Royle writes at the intersection of spirituality, psychology, and personal transformation.
