

Albany Dental Associates Provides Dental Implants, Emergency Dental and Dentures

Albany Dental Associates provides same-day emergency dental care, dental implants and dentures for patients throughout the Albany, NY area.

DELMAR, NY, UNITED STATES, August 17, 2026 /EINPresswire.com/ -- Albany Dental Associates, a full-service dental practice serving the greater Albany, NY area, continues to help patients restore healthy, confident smiles through its [dental implants](#), emergency dental, and denture services.

Albany Dental Associates (DBA: Albany County Dental Associates)

“

Whether a patient needs a same-day emergency visit, a dental implant, or new dentures, our goal is always the same: comfortable care and a smile they trust.”

*Dr. Marina Shrager, Albany
Dental Associates*

Dental Associates has treated over 7,500 patients and places more than 1,500 dental implants each year. The practice is located at 4 Normanskill Blvd #401 in Delmar, just outside Albany, and accepts most major dental insurance plans, including Delta Dental, Cigna, Aetna, MetLife, Guardian, and UnitedHealthcare, along with CareCredit financing options.

Dental Implants

For patients missing one or more teeth, Albany Dental Associates (DBA: Albany County Dental Associates) offers a full range of dental implant solutions, including single tooth implants, All-on-4 full-arch implants, and same-day dental implant procedures. Implants are designed to restore both function and appearance by replacing missing tooth roots with a durable, natural-looking alternative to traditional bridges or removable [dentures](#).

[Emergency Dental Care](#)

Dental emergencies do not wait for convenient timing. Albany Dental Associates provides

emergency dental appointments for issues such as severe tooth pain, broken or knocked-out teeth, dental trauma from accidents, jaw pain, and infections. The practice prioritizes same-day emergency visits so patients can get relief and treatment as quickly as possible rather than waiting days for an appointment.

Dentures

For patients seeking a removable tooth-replacement option, Albany Dental Associates offers both traditional full and partial dentures as well as flexible, metal-free denture options. The practice also provides same-day denture services and can advise patients on whether dentures or dental implants are a better long-term fit for their individual needs and budget.

About Albany Dental Associates

Albany Dental Associates is a family-owned dental practice in Delmar, NY, serving patients throughout the Albany, NY region. The practice offers a broad range of services including dental implants, emergency dental care, dentures, dental crowns, root canals, cosmetic dentistry, clear braces, and facial aesthetics.
