

Infopro Learning Secures 21 Wins at the 2026 Brandon Hall Group HCM Excellence Awards

Infopro Learning won 21 awards, including 14 Gold, 5 Silver, and 2 Bronze, at the 2026 Brandon Hall Group HCM Excellence Awards.

PRINCETON, NJ, UNITED STATES, August 17, 2026 /EINPresswire.com/ -- Infopro Learning won 21 awards, including 14 Gold, 5 Silver, and 2 Bronze, at the 2026 Brandon Hall Group HCM Excellence Awards. The wins span learning and development, future of work, and sales performance, and were decided through Brandon Hall Group's independent, competitive evaluation process.

L&D budgets are being cut for one reason more than any other: leaders can't show what a program did after it launched. Brandon Hall Group built its evaluation criteria around that exact gap. The criteria are built to reward outcomes that hold up after launch, not just delivery.

Every entry, including Infopro Learning's, was judged against the following:

- Alignment to their business need and environment.
- Program design, functionality and delivery.
- Adoption, integration, user experience, innovation and creativity.
- Overall effectiveness, impact, and measurable benefits.

The judging panel was made up of veteran industry practitioners, independent senior L&D leaders, and Brandon Hall Group's own analysts and executives.

“What makes this recognition mean something to us is that every one of these wins sits on top of

work our clients are still using today, not a workshop they attended once and moved on from. Whether a capability holds after the program ends is the harder thing to prove, and it's the only thing worth building toward. So we take this as a checkpoint on that work, not the finish line, and as a signal of where the industry is heading.” - Sriraj Mallick, Chief Executive Officer, Infopro Learning.

“The HCM Excellence Awards have become the most recognized benchmark for excellence in human capital management because organizations know they are earned, not given. Every winning program has demonstrated measurable impact, innovation, and execution through one of the industry’s most rigorous evaluation processes. We are proud to recognize the organizations setting the standard for the future of work.”- Mike Cooke, CEO, Brandon Hall Group.

“Every year, the HCM Excellence Awards remind us that innovation is ultimately about impact. The organizations recognized this year have demonstrated that great HR and learning strategies don’t just improve programs, they strengthen organizations, empower people, and deliver measurable business results. We are honored to celebrate their achievements.”- Brandon Hall Group COO Rachel Cooke, HCM Excellence Awards program leader.
