leading small business lenders, today announced it has increased its affiliate payout from \$50 to \$200 for every qualified business referral, making its Affiliate Program one of the most rewarding opportunities for individuals looking to connect small business owners with fast, transparent access to capital.

The updated [Cardiff Affiliate Program](#) is open to anyone—from content creators and business consultants

to accountants, marketers, and entrepreneurs—who knows business owners looking for financing. Affiliates receive a personalized referral link that allows them to earn commissions by introducing qualified businesses to Cardiff's lending platform.

The fourfold increase reflects Cardiff's continued investment in expanding access to working capital for small businesses while creating meaningful income opportunities for affiliate partners.

"At Cardiff, we've always believed that access to capital shouldn't be complicated," said [William Stern, Founder and CEO](#) of Cardiff. "Our affiliate partners help connect business owners with the financing they need to grow, invest, and navigate challenges. By increasing our payout from \$50 to \$200, we're rewarding those partners while making it even easier for more entrepreneurs to discover faster, more transparent financing."

The enhanced program comes as more professionals seek flexible ways to generate supplemental income and as small businesses continue looking beyond traditional banks for

faster funding solutions.

"I'm incredibly excited about what this means for our affiliates," said Julie Kontos, Director of Affiliate & Partnerships at Cardiff. "With so many people looking for ways to supplement their income, this is a simple opportunity to earn by connecting businesses with funding they may already be searching for. Anyone can join, share their affiliate link and start earning."

Cardiff defines a qualified applicant, and therefore a payable action, as an applicant who meets the following criteria:

- Generate at least \$20,000 in monthly revenue
- Have been operating for at least one year
- Maintain a 550 or higher credit score
