

Dee Pat's Awsomotive Adds NAPA Card Financing for Auto Repairs in Suffolk County

6- and 12-Month Promotional Financing Now Available at One of Suffolk County's Most Trusted Auto Repair Shops in Selden, NY

SELDEN, NY, UNITED STATES, August 18, 2026 /EINPresswire.com/ -- Dee Pat's Awsomotive, a full-service auto repair shop in Selden, is announcing the addition of NAPA Card financing options provided through Synchrony Car Care. This offers Suffolk County drivers a new and more convenient way to manage the cost of vehicle repairs and service.

Synchrony Auto Repair Financing in Selden, NY

Car trouble never arrives when it's convenient, and the repair costs are difficult to plan for. Many drivers are forced to delay repairs or essential service visits because they can't pay for them all at once. Drivers facing costs ranging from flat tire repair to major engine rebuilds now have more flexibility in how they pay.

“

With financing available through the NAPA Card, our customers don't need to choose between covering their existing bills and fixing their cars.”

Jeff Boeckel

“With financing available through the NAPA Card, our customers don't need to choose between covering their existing bills and fixing their cars,” said Jeff Boeckel, owner and head technician at Dee Pat's Awsomotive. “Financing gives people more breathing room, so they can manage their auto repair and service costs in a way that works for

their budget. A repair bill might be unexpected, but regular payments and a deferred interest promotional period reduce the financial impact.”

NAPA Card applications can be processed directly at Dee Pat's Awsomotive, and two promotional financing tiers are available.

- No interest if paid in full within 6 months on auto services between \$199 and \$749.99.
- No interest if paid in full within 12 months on auto services of \$750 or more.

Both are deferred interest offers. Interest is calculated from the purchase date if the balance remains after the promotional period.

WHEN SHOULD LONG ISLAND DRIVERS USE AUTO REPAIR FINANCING?

[Financing an auto repair or maintenance service](#) is ideal when the cost of the work has an unplanned financial impact, or when it would otherwise delay the repair. Even when customers might otherwise pay cash, financing with deferred interest can make sense because it frees up funds for other living expenses.

- Auto repair financing is an easier way to meet unexpected auto repair costs.
- It's suitable for routine maintenance and larger repairs.
- Financing helps prevent delays on essential work, including maintenance and repairs related to safety.
- Automotive problems tend to worsen or compound with time. Prompt repairs made available through financing can prevent breakdowns and costlier repairs later.
- Using the NAPA Card from Synchrony Car Care keeps other credit lines and personal savings open for everyday purchases and emergencies.

FULL-SERVICE AUTO REPAIRS NOW EASIER TO AFFORD

Dee Pat's Awsomotive provides comprehensive auto repair and maintenance for all vehicle brands and models, including imported, high-performance, and luxury vehicles.

By adding an option for auto repair financing, the shop is aiming to remove the cost barrier. A bill that would have previously been a financial shock becomes a manageable short-term monthly expense.

- An automotive repair bill of \$749 could cost the customer \$125 in monthly payments over 6 months.
- A more significant repair bill of \$1,600 could cost the customer \$134 in monthly payments over 12 months.

Anyone interested in the NAPA Card can apply in-store or online. A pre-approval service is available with no impact on credit score. Minimum monthly payments are required. Financing is subject to credit approval.

ABOUT DEE PAT'S AWSOMOTIVE

Dee Pat's Awsomotive has 50 years of heritage in Suffolk County. Owner Jeff Boeckel is an ASE Class A Master Technician with more than 25 years of industry experience, including specialized auto-electrical diagnostics and repair.
