Its board and train programs are among the options available for owners who want a more immersive training format instead of weekly private lessons.

The 1 Week Freedom Board and Train program includes one week of immersive training while the dog boards with a professional trainer. The program focuses on recall, sit, place, greeting manners, door manners, and meal manners, and includes an e-collar and training leash.

The 2 Week Board and Train program is structured for more advanced obedience work. The program includes two weeks of immersive training and covers commands and behaviors such as sit and extended sit, down and extended down, loose leash and off-leash walking, come on command, greeting manners, waiting politely at doors and gates, waiting politely for meals, training with distractions, and place and extended place.
